Dates and duration (days)

Andalusia is the perfect destination to escape the winter. In the region Almeria in Spain we experience one of the warmest and driest regions in Europe and therefore the best opportunity for exciting motorcycle adventures in winter.

We will take you to the hinterland of Almeria and experience the fascination of the wild landscape in Andalusia.

The handover of the motorcycles takes place after your arrival in Malaga at our rental station. Our hotel for the whole tour days is located in a typical Andalusian village close to the beach and is the perfect starting point for our tours. For the common dinners we have numerous restaurants on site with a traditional gastronomy at our disposal.

Under the southern sun

The desert of Tabernas extends over 280 km², it is cut off from the humid winds of the Mediterranean Sea and therefore a zone with little rainfall. The low rainfall and 3000 hours of sunshine a year make it a real desert. Because of its similarity to the deserts of North America, it is still the location for numerous films and westerns. A total of 3 western villages can be found here and with a little luck you might become a spectator of a new blockbuster that is being filmed.

The Sierra de los Filabres is located in a magical and seemingly surreal landscape of Andalusia, it is a natural and wild region with hills and valleys, where endless olive and orange trees will be our constant companion.

On our tours you will experience a constant interplay between mountains and sea, the hinterland of Almeria offers a variety of small curvy roads, lonely and alone in the mountains. We ride on winding coastal roads with constantly changing views of the sea, nowhere are the distances between sea and mountains so close. Experience motorcycle routes of the extra class, landscapes with incomparable beauty, little traffic and enjoy pure riding fun.

Between traditions and pleasure

We will cross Andalusia's "white villages" and ride on asphalted side roads with good grip, which provide plenty of riding fun. Not far from Almeria, the Cuevas de Almanzora await us, where even today numerous inhabitants live in caves to protect themselves from the summer heat. Small tapas bars along the way spoil us with traditional cuisine and a hospitality that is hard to resist. Let yourself be fascinated by the Spanish tradition and passion, which is unmistakably spirited and warm.

Free riding

Passes have a special charm. Riding through them is fun, although the definition of fun can be very different. Some like it fast and sporty and others want to conquer curve after curve comfortably and enjoy the views at the same time. Hairpin bends and narrow curves can be a real challenge. What we want is riding fun for all and for this reason we give our guests the opportunity to ride the passes at their own pace, stress-free and detached from the group.

DIFFICULTY:

Medium (SG 2): This tour includes many curves and partly also serpentine routes. The tours are a mix of tight corners and long corners at normal speed. A part of the tour are small passes with tight curves, normal gradients and mostly winding routes, which require a good eye control and the safe control of the motorcycle. Due to the partly long daily stages a good condition is necessary.

You would like to spend the holiday with your family? Let your family accompany you even without participating in a tour. We are happy to book the same accommodations and offer alternative programs for the days on site. If required, your family can also join our evening programs.

On our tours we are basically only on the road with one group. Our tour groups are deliberately kept small and limited to 8 motorcycles. The minimum number of participants for this tour is 4 people.
