Andalusia is the perfect destination to escape the winter. In the region Almeria in Spain we experience one of the warmest and driest regions in Europe and therefore the best opportunity for exciting motorcycle adventures in winter.

We take you to the back country of Almeria and experience the fascination of the wild Andalusian landscape.

Taking over the motorcycles takes place after your arrival in Malaga at our rental station. Our hotel for the entire tour days is located in a typical Andalusian village close to the beach and is the perfect starting point for our tours. For the common dinners we have numerous local restaurants with a traditional gastronomy at our disposal.

Under the southern sun

The desert of Tabernas extends over 280 km², cut off from the humid winds of the Mediterranean Sea and therefore a zone with little rainfall. The low rainfall and 3000 hours of sunshine per year make it a real desert. Because of its resemblance to the deserts of North America, it is still a film location for numerous films and westerns. A total of 3 western villages can be found here and with a little luck we might become spectators of a new blockbuster that is currently being shot.

The Sierra de los Filabres is situated in an enchanting and seemingly surreal landscape, it is a natural and wild region with hills and valleys, where endless olive and orange trees will be our constant companions.

On our tours we experience a constant interplay between mountains and sea, the hinterland offers a multitude of small curves, lonely and alone in the mountains. We ride on winding coastal roads with constantly changing views of the sea, nowhere are the distances between sea and mountains so close. Experience motorcycle routes of the extra class, landscapes which come up with incomparable beauty, little traffic and enjoy pure riding fun.

Between tradition and pleasure

We cross Andalusia's "white villages" and ride on asphalted side roads, which provide plenty of riding fun. Not far from Almeria the Cuevas De Almanzora await us, where even today numerous inhabitants live in caves to protect themselves from the heat of summer. Small tapas bars along the way spoil us with traditional cuisine and a hospitality that is hard to resist. Let yourself be fascinated by the Spanish tradition and passion, which is unmistakably temperamental and cordial.

On our tours we are basically only on the road with one group. Our travel groups are deliberately kept small and limited to 8 motorcycles. The minimum number of participants on this tour is 4.
Free riding

Passports spray a special charm. Riding them is fun, although the definition of fun can be very different. Some like it fast and sporty and others want to conquer curve after curve comfortably in order to enjoy the views. Sweeping hairpin bends and tight bends can be a real challenge. What we want is riding fun for everyone and for this reason we give our guests the opportunity to ride on passes at their own pace, stress-free and detached from the group.
