Motorcycle tour in spring along the Mediterranean Sea - after a long winter we can't wait to start our motorcycles anymore.

For the start of the season, we are heading to the southern regions between the Mediterranean and the Pyrenees, to the Costa Brava.

The original and varied landscape between the Pyrenees and the Mediterranean Sea offers us imposing rock massifs with charming, picturesquely situated villages. The "wild coast", as the locals call the coastal section, with its small bays and beautifully situated beaches offers the contrast to the hinterland.

From our base hotel on the Mediterranean coast, four extraordinary day trips along the coast and through the Catalan interior await you. But also the cultural part should not come too short. If you like, you can also take a day off or make a trip to Barcelona. The city of Antonio Gaudi with its unique architecture like the Sagrada Familia or the world famous La Rambla and much more are waiting for your visit. A day trip to the Benedictine Abbey of Santa Maria de Montserrat is as natural as riding the coastal road from St. Feliu to Tossa de Mar. Nothing stands in the way of a wonderful motorcycle vacation right at the beginning of the new motorcycle season!
