Guided road tours for all brands and models. "Travel is fatal... to prejudice!" This Mark Twain's saying is particularly fitting for Romania, a country with friendly people and great potential, but one that is far too little known and burdened with far too much prejudice.

We invite you to discover with us the seemingly endless primeval forests of the Caprates, the well-built pass roads, the mysterious monasteries, medieval fortified churches, picturesque villages and towns in eight days on a motorcycle. Count Dracula, bears, wolves, quaint fairytale villages and breathtaking landscapes, hospitable people and delicious food. In one word: Carpathian country!

This tour is especially suitable for frequent riders who want to experience a lot in a short time. Sightseeing and cultural stops are limited here, the riding experience is clearly in the foreground and some days are a bit longer.

Tour program:

Day 1: Vienna - Satu Mare, 570 km

Meeting at the starting point near Vienna. After a first short meeting we start directly, mainly on the motorway through the Hungarian Pusta until you reach the city of Satu Mare shortly after the Romanian border. At dinner you can enjoy typical Romanian food for the first time, local beer and self-distilled schnapps are of course not to be missed! First overnight stay in Romania in the Satu Mare area.

Day 2: Satu Mare - Moldovita, 320 km

You will spend the first part of the day in the historic province of Maramures. It is famous for its wood culture and well-kept traditions. After a visit to the "Happy Cemetery" you will cross the Carpathians for the first time. The newly built pass road takes you up to 1.500 m above sea level. You will reach Bukovina, the home of the Moldavian monasteries, via great hairpin bends. Overnight

stay in the Moldovita area.

Day 3: Moldovita - Crit, 350 km

One of the most unknown pass roads of the Carpathians is waiting for you. An old pilgrimage route, which has been recently upgraded, one of the most beautiful motorcycle routes of the trip! From the land of monasteries and pilgrimage routes you will continue over the Borgo Pass, where Count Dracula is waiting for you, as the plot of Bram Stoker's novel takes place in this village. To what extent the legend is true, you will find out on the spot... Afterwards the route leads through the Hungarian influenced Szeklerland to Transylvania. Overnight stay in the Crit/Deutschkreuz area.

Day 4: Crit - Bran, 180 km

Your journey continues south through the hilly landscape of Transylvania. Two very beautiful mountain roads lie ahead of you. On the way you will have the opportunity to visit an interesting fortified church, where in former times the village community could save itself from Turkish invasions. In the afternoon you will reach Bran / Brasburg and have time to visit the "Dracula Castle". Overnight stay in the Bran/Brasov/Cronstadt area.

Day 5: Bran - Sibiu, 270 km

A day of several highlights awaits you: First you ride over the Bran Pass and reach Curtea de Arges. Here begins the ascent to the most famous road in Romania: the Transfagarasan. Exciting hairpin bends, breathtaking scenery and wild nature. And with a bit of luck you might even meet one of the bears that live there. You will spend

the night in the geographical center of Romania, in the Transylvanian city of Sibiu, better known as Hermannstadt. You will see: a great city, famous especially for its impressive old town in old German architecture.

Day 6: Sibiu - Eselnita, 330 km

Today's route takes you over the highest mountain road in Romania, the Transalpina, with countless curves up to about 2,300 m above sea level. You will pass many small villages, which are only inhabited by shepherds and forest workers during the summer. Later in the afternoon you will reach the Iron Gates of the Danube and the point where the Carpathians meet the Danube. Your accommodation is right on the Danube, with a fairytale view of the Serbian bank on the other side. Fish lovers can enjoy fresh Danube zander or Danube catfish. Overnight stay in the area Iron Gates / Eselnita.

Day 7: Eselnita - Timisoara, 310 km

In the morning we cycle along the Danube into the Banat. The landscape is particularly exciting, as you ride through mountains and along the Danube at the same time. There are photo opportunities at any time - including the remains of the Turkish fortress on the Serbian bank of the Danube. In the afternoon you reach Timisoara/Temeschwar, the city that was conquered and rebuilt by the Austrian Prince Eugene. Timisoara is also famous as the place where the Romanian revolution broke out in 1989, leading to the fall of the Ceausescu regime. Overnight stay in Timisoara.

Day 8: Timisoara - Vienna, 500 km

Unfortunately it is time to say goodbye to your new Romanian friends. With many beautiful memories in your luggage you make your way home again. Up to the Romanian-Hungarian border you will be accompanied by your motorcycle guide. The rest of the way you will either ride on your own or together with other participants in the group. End of the tour.

On guided motorcycle tours with your own motorcycle, riders and passengers from different countries of origin and with different motorcycles meet for a joint trip. As different as the participants are, as different will usually be the motorcycles, which makes for a fun and interesting trip. As with all group activities, these trips require a certain team spirit and a certain adaptation of the individual to the group, so that everyone can enjoy the trip and their motorcycle holiday.
