Dates and duration (days)

Exclusive is included in this tour. Our base hotel in Italy is only a few minutes walk from Lake Garda. Here, in the midst of the hustle and bustle of the infinite number of tourists, we have found a small oasis of peace where Mediterranean flair and maritime atmosphere are combined.

Surrounded by countless olive trees in the park of the hotel and the numerous peaks of the mountains, we experience a unique scenery for the special moments of well-being. Due to the challenging routes, the bike should be mastered safely in curves, hairpin bends and on narrow mountain roads. This tour is not suitable for chopper riders. Culinary delights

Start the day with an excellent breakfast on the restaurant's outdoor terrace and then "experience" the most beautiful motorcycle routes in the region with us. For the evenings we have chosen small restaurants where perfect hospitality meets excellent Italian cuisine. Enjoy this atmosphere and a small break from everyday life, experience relaxed motorcycle tours and let yourself be pampered, you have earned it.

On old paths

Fantastic turning stages and beautiful views are among the highlights of the tour and will impress you. Experience with us the numerous dream roads through the natural beauties of Lombardy and Trentino. During our breaks in the small mountain villages, typical Italian culinary delights of the region await us.

Again and again we change between dreamlike valleys with their deep blue shimmering lakes and gigantic mountain massifs. Short, crisp hairpin bends, sensational passes and a mild climate are the exquisite ingredients of this tour. The Mediterranean climate with its mild temperatures and the landscapes characterized by rugged mountains and forests simply make us feel at home here.

Mountains, views and landscapes

At Lake Garda we alternate between busy riverside roads and lonely high parts. From the Monte Baldo mountain road, also called "Strada Panoramica del Monte Baldo", you can enjoy wonderful views of the Adige Valley, 700 m below. Green pastures, densely wooded slopes with olive trees and secluded farmsteads have found their place among enormous mountain ranges.

DIFFICULTY:

Medium (SG 2): This tour includes many curves and partly also serpentine routes. The tours are a mix of tight corners and long corners at normal speed. A part of the tour are small passes with tight curves, normal gradients and mostly winding routes, which require a good eye control and the safe control of the motorcycle. Due to the partly long daily stages a good condition is necessary.

On our tours we are basically only on the road with one group. Our tour groups are deliberately kept small and are limited to 10 motorcycles on this tour. The minimum number of participants on this tour is 6.

For guests who transport their motorcycles by car to the hotel of arrival, there is a parking possibility for cars and trailers at the hotel for the time of the tour.
