During your 8-day stay in our Finca near the Andalusian village of Pízarra near Malaga, we will introduce you step by step to your first off-road adventure.

"Riding offroad? That is something I would love to experience..." we have heard this very often in recent years, when we presented pictures and videos of our enduro tours through the beautiful Andalusian landscape. But: "...I don't dare - I've never done that before..." often came in the second sentence. - "Too bad" we thought to ourselves "You're missing out! But...wait a minute, you'll have to figure out the daring part on your own - we could do everything else for you."

We say "Go for it!" and sign up for your first beginners enduro adventure!

In our own off-road riding center, an official enduro training park in Andalusia, we teach you in 1 to 2 training days (depending on previous knowledge) under professional guidance, with lots of fun and action, the theoretical and practical knowledge to contest your first off-road adventure.

Our trained and certified off-road trainers will teach you the basics of enduro riding with constantly increasing demands and levels of difficulty according to your level of ability and bring you to a riding level that allows you to start with the best possible safety and maximum fun in the real terrain.

After the training within the park we start on fantastic tours in the Andalusian mountains and valleys. Fantastic landscapes await you, places that would have been absolutely unthinkable for you to reach on a motorcycle just a few days ago. During the tours we will repeatedly insert small practice units at real obstacles, and thus continue our training on tour.

We will give you everything you need to pass this adventure!
