from €1,289.00

Dates and duration (days)

Slovakia - a term, a country and yet it feels very far away. Despite the EU, life in many Eastern European countries still ticks differently, not worse, just different because modern progress cannot be implemented so quickly.

Sometimes it is the simple things in life that we want to experience and that is exactly what you can expect from this tour. People in Slovakia are happy and content, consumption and mainstream don't play an important role here, they are content because they have a good life that makes them happy.

You can look forward to a journey that is right in the middle of the life of Slovakia and its people. Our tour guide has been on the road here for 20 years, he knows the best routes and knows exactly where to stop to be exactly where you want to experience this country authentically.

Due to the challenging tracks, the bike should be safely mastered in curves, hairpin bends and on narrow mountain roads. We ride fantastic motorcycle routes on mainly asphalted roads, small passes in the mountains are sometimes badly asphalted. This tour is not suitable for chopper riders and entry-level riders.

Tour schedule:
