Dates and duration (days)

We gladly invite you to come with us on a very special journey - to an unknown and mysterious country that is waiting to be "experienced" by us. Discover with us a country full of secrets and untouched nature.

Romania has much more to offer than just the myths of Count Dracula in Transylvania. For example, there are passes in the Carpathians at over 2000 m altitude, such as Transalpina and Transfagarasan, which are among the most beautiful mountain roads in Europe.

Our journey takes us through the legendary "Iron Gate" along the Danube with its powerful currents, which were once feared by sailors,

Come with us on a journey through time to the historical past of the beautifully restored medieval towns such as Sibiu, Sighisoara and Kronstadt. Let your imagination run wild when you visit Bran Castle, the home of the legendary Count Dracula. We will also visit some of the Vltava monasteries, which are UNESCO World Heritage Sites for a reason.

An adventurous trip through the Bicz gorge as well as a visit to a very peculiar final resting place, which is called a "happy cemetery" (in Sapanta), promise varied days.

Day 1:
Individual arrival of the participants at our starting hotel in the Salzburger Land. During a cosy dinner we will introduce the tour and get to know each other. Hotel Steinerwirt

Day 2:
After an extensive breakfast we ride a short distance on the motorway towards Salzkammergut past Fuschl and Wolfgangsee in the direction of Styria over winding roads to our hotel just before the Hungarian border. About 360 kilometers.

Day 3:

Today we reach Hungary. Our way leads us to Lake Balaton, where a break is planned. Continuation through the Pannonian lowlands to our hotel in Baja on the Danube. About 330 km.

Day 4:
After morning refreshment we leave Hungary for Romania. Near Szeged we will cross the border. Continuation to Timisoara. Today is a little shorter, there is time for a city tour. About 200 miles.

Day 5:
Our today's day leads us along the Serbian border to the Danube to the "iron gate". The Danube breakthrough used to be considered a dangerous shipping passage. Also worth seeing is the 40 meter high rock statue of the Daker king Decebalus. Our destination today is Baile Herculane. About 200 miles.

Day 6:
For today, one of our highlights is announced, the most passable road in Romania, the TRANSALPINA with its 2154 m height and over 150 km length. In the evening overnight stay in Hermannstadt. About 340 miles.

Day 7:
After breakfast we leave Sibiu. The next highlight awaits us - in the truest sense of the word. It goes up to an altitude of more than 2000 meters to one of the most famous high alpine roads of Romania, the Transfagarasan. On a length of 100 km of winding roads we have breathtaking views of a fascinating panorama. We will continue to Bran, where we will spend the night near the famous castle of Count Dracula. About 200 miles.

Day 8:

Today is a day of rest. Sightseeing of the Bran Castle or short ride to Brasov (Kronstadt). About 30 miles.

Day 9:

In the morning we ride towards Schäßburg. The city has been a UNESCO World Heritage Site since 1999 and is well worth a visit. Continuation to the area around Gheorgheni, where we will stay overnight. About 260 km.

Day 10:

After the morning refreshment ride through the adventurous Bicz gorge. With its up to 300 m high rock faces it is one of the most spectacular roads in Romania. Afterwards overnight stay in Vatra Dornei. About 190 km.

Day 11:

Today we bring biking and culture into harmony. We go on a small Moldau monastery tour over mountain passes to the most beautiful monasteries in Bukovina. If you wish, you can visit the monasteries and then return to the hotel. About 220 miles.

Day 12:

Today we will cross the 1400 m high Prislop Pass. Continue to Sapanta to the "happy cemetery", where a break is planned. Overnight stay just before the Hungarian border. About 270 miles.
