Dates and duration (days)

### **Pfundsgaudi around Pfunds, fantastic tours without luggage in the heart of the Alps.**

It can make you quite dizzy when you count the many meters in altitude and think of the countless bends and hairpin bends up the roads around Pfunds. It is an advantage to have only the small luggage with you because the big one stays in the hotel. And if you also have some mountain experience on a motorbike. Because during the three-day tours striving for the highest heights, several awe-inspiring alpine passes can be conquered. First and foremost, the highest of the Central Alps, the Stilfser Joch with its 2,758 meters, whose 48 hairpin bends on the east ramp have long since become a legend. Just as imposing as it is infamous: the eerily beautiful Timmelsjoch. As an appetizer between these greats, many smaller passes are gladly taken to further increase the excitement. Curious? Then get on board our Alpine carousel.
