The Pyrenees - the mountain range between Spain and France. If you know the Alps, you'll go into raptures about the Pyrenees - the Pyrenees are probably one of the most beautiful mountains for motorcyclists.

Experience the mountain world between Mediterranean and Atlantic. A fascinating mixture of the most diverse natural beauties. Our tour center is located in Prullans www.hotelmuntanyaspaprullans.com (on the Spanish side). The hotel offers us a great wellness area, so that the relaxation factor after the strenuous tours is not neglected. From here we start our day trips, among others to France, the winding roads of the oriental Pyrenees and of course the high Pyrenees.

A very special experience is a tour to Andorra, the dwarf state between France and Spain. The state is nestled on a plateau surrounded by 65 peaks above 2000 m.

The outward and return journey to the Pyrenees is in 2 daily stages. These tours alone are worth the trip.

We tour through the picturesque Rhone Valley, up to the high plateaus of the Massif Central. The tour leads of course through the Tarn Gorge, past the famous Millau Bridge - the longest cable-stayed bridge in the world. www.de.wikipedia.org/wiki/Viaduc_de_Millau
