Dreamlike serpentine, curvy rides all over the island.

Our all inclusive packages with tour guide, rental motorcycle and hotel will convince you. Whether as an individual or in groups: we will introduce you to the island of Crete from completely new angles!

Tour itinerary:

1st day - Arrival

After arrival on Crete, (we will pick you up personally at the airport) we will first move into our beautiful hotel rooms. After dinner together, the tour is discussed for the next day. Your tour guide will give you important and interesting tips about our day tours.

2nd day - Tour 1

After breakfast, well rested, we will head for the high plateau of Lasithi. A great exit over serpentine roads and curves without end. At a small mountain church, we take a short break to enjoy the fantastic view. The Lasithi Plateau is a must for every traveller to Crete. On the return journey, we ride via Mohos, with its typical Greek market place, where we can enjoy very good Cretan cuisine in an original Greek taverna.

3rd day - Tour 2

After a restful night and a hearty breakfast we leave the hotel at 10.00 am. Via Heraklion we ride into the high mountains via Anogia to the Nida plateau. When visibility is good, we take the ascent to an observatory and take incredible holiday pictures. We continue on a fantastic off-road tour to Zaros am See, where you can't get fish fresher. Super yummy!

4th day - Tour 3

After breakfast we leave for the south of Crete. Across the island we ride along the Messara plain and through the gorge of Tripti (secret tip) to a beautiful beach. From here we ride to Masala, one of the most spiritual places of Crete. Matala is a small fishing village that has not lost its unmistakable charm to this day. Here we have the opportunity to visit the world famous caves of Matala. The ancient Cretans buried their dead in these caves. In the middle of the 60's hippys recognized these caves for themselves and lived in them until the 70's. Still today you can see many old hippies who visit this place again and again. You'll love Matala. Great beach, don't forget your bathing suit.

5th day - Free disposal

Day off. Anyone who wants to can explore the island by motorbike on their own. The tour guide will gladly give you tips for an excursion!

6th day - Tour 4

Today we first ride to Agios Nikolaos. In the beautiful port of Agios we take our first break. We continue along the northern coastal road. At the narrowest point of Crete we cross the island to the south side. In the village of Koutsouras we have the possibility to refresh ourselves with a small snack. From here we continue in the direction of Sitia and start our return journey on the north coast road.

7th day - Tour 5

Today we're going south once again. We ride via Lassithi to

the south side of Crete, via a super serpentine descent to the small village of Tsoutsouros. From here we continue along the coastal road to Keratokambos. Little tourism, long sandy beaches and very good food. Here we can get fit on the beach or in the sea for the journey home the next day.

8th day - departure

At some point even the most beautiful vacation comes to an end.

After breakfast, we start our journey home.
Important! - Do not forget cameras or video cameras,
it's worth it!
