Tour itinerary:

Day 1: Arrival

Individual arrival in Kiel and embarkation, in the evening (approx. 21.00 o'clock) departure in the direction of the Baltic States. Overnight stay on board.

Day 2: Klaipeda

Towards evening (approx. 18.00 hrs) arrival in Klaipeda (Memel) and opportunity to discover old Memel on a walking tour. The Simon Roof Fountain with the Ännchen von Tharau on the Theater Square and the small half-timbered houses are worth a visit. Overnight stay in Klaipeda.

Day 3: Klaipeda - Silute - Trakai - Vilnius (approx. 350 km)

You ride to the Memelland and along the river Nemunas (Memel). On the way you will pass small towns that are not on the big tourist maps. The fact that for centuries this was a line of defense of the Lithuanians against the Teutonic Knights can still be seen in the castle mounds and castles

like Raudone. Next stop is Trakai with its castle from the 14th century. Especially in the evening it shines in a wonderful light. The destination of the day is Vilnius (Wilna). Gediminas Hill, the old university (1579), Cathedral Square with the cathedral and the bell tower, and St. Bernard's Church tempt you to take a tour. The former Jewish quarters recall the Jewish heritage of the city, once considered the "Jerusalem of the North." Overnight stay in Vilnius.

Day 4: Vilnius - Rundale - Riga (approx. 360 km)

It is not the big names that "decorate" today's stage, but the route itself. Small towns and villages line your way, leading you through an unspoiled and pristine Baltic region. First, you will visit the geographical center of Europe, located north of Vilnius. You will reach Anyksciai: railroad fans will enjoy the trains of the "Siaurukas", the narrow-gauge railroad, at the station. Then you will reach the baroque Rundale Castle - one of the most significant Latvian architectural monuments. From here you will continue to the Latvian capital. Overnight stay in Riga.

Day 5: Riga - Gauja National Park - Tartu (approx. 260 km)

Before you leave for Estonia today, you should take time for sightseeing in Riga. In addition to the Blackhead House, the Cathedral and the Castle, the magnificent Art Nouveau streets in the New Town are waiting to be visited. The Occupation Museum leaves moving impressions on the occupation of Latvia. Then you will ride to the Gauja National Park, whose landscape is dominated by the Gauja River meandering through the bedrock. Turaida Castle (Treyden) near Sigulda or Cesis (Wenden) with its massive Order Castle are ideal for a break. The day's destination is Tartu: the pretty university town is probably the oldest city in the Baltic countries. The Cathedral Hill with the ruins of the Cathedral Church, the University, the Angel Bridge and the Devil's Bridge, the Observatory and the Town Hall can

be explored on an evening walking tour. Overnight stay in Tartu.

Day 6: Tartu - Lake Peipus - Lahemaa National Park - Tallinn (approx. 200 or 350 km)

If you want to focus on a beautiful route, you should ride from Tartu along Lake Peipus. From there we will ride to the Lahemaa National Park on the coast. Wonderful routes! But for Tallinn, the stage destination, an evening stroll will have to suffice. If you prefer a shorter stage, you can ride across the Estonian province to the Estonian capital Tallinn (then about 200 km). After your arrival, you can discover the thoroughly medieval old town on a walking tour. The cityscape is characterized by winding cobblestone streets and pointed gabled merchant houses - as befits an old Hanseatic city. The rock-solid city wall and massive defense towers bear witness to Tallinn's fortitude in earlier times. Overnight stay in Tallinn.

Day 7: Departure

Ferry crossing to Helsinki and embarkation, in the late afternoon (approx. 17.00) departure towards Germany. Overnight stay on board.

Day 8: Arrival in Lübeck-Travemünde

After a day at sea, you will arrive at the port of Lübeck-Travemünde in the evening (approx. 9:30 p.m.), where your journey ends.

Tour character:

A tour for those who put the emphasis on riding: On this trip you will cover more than 1,300 km through the most beautiful landscapes of the Baltic states. The daily stages are relatively long, but all of them are easy to ride. We have planned as many routes as possible away from the main routes. The tour takes place almost exclusively on paved roads. Some detours may include short gravel passages.
