

## Spain, Advanced Training & Tour (M-ID: 2654)

<https://www.motourismo.com/en/listings/2654-spain-advanced-training-and-tour>

**from €640.00**

Dates and duration (days)

On request

2 days

**As an advanced rider, you should also be able to ride safely on off-road rides. Perhaps you have already taken part in an off-road training course or you have gained enough experience on off-road bikes.**

Riding in riverbeds, on loose gravel, long uphill and downhill rides and water crossings - this is what awaits you in our challenging advanced rider training.

In the morning of the first day, you will complete a rider training course in our park at slow speeds in accordance with BMW Motorrad IIA regulations. In the afternoon we already ride on loose gravel (preparation for riverbed rides), do long uphill and downhill rides and single trails. Depending on the abilities of the group, we can also offer drift training.

On the second day we start an offroad tour through rivers, over mountain ranges and different trails through the region and practice already learned techniques. Our instructors are always there for you to give tips and help you overcome possible obstacles.
