from €640.00

Dates and duration (days)

Our two-day basic training course gives you an introduction to off-road riding with big off-road bikes: you can choose between a BMW F850GS or R1250GS. Our aim is to make you a confident rider on gravel tracks and off-road trails. We prepare you

Day 1 starts with a riding training. You will practice the basics through slaloms, U-turns and braking. On day 2 we start with an offroad loop towards Sierra de las Nieves. On this day we add single trails, easy river crossings and small climbs and descents to complete your training so you are ready for your next offroad ride.
