

1-Day Enduro Experience for Repeaters (Germany) (M-ID: 2668)

<https://www.motourismo.com/en/listings/2668-1-day-enduro-experience-for-repeaters-germany>

from €260.00

Dates and duration (days)

You already participated in an Enduro training in Wesendorf? You just can't get enough and want to master your adventure bike even better?

Then the 1-day Enduro experience for repeaters is just right for you:

- full board
- refreshing your knowledge
- new driving exercises
- new training stations
- a ride outside the training ground at the end

With the one-day enduro experience for repeaters you can refresh and deepen your knowledge. New riding exercises and training stations ensure that your riding technique becomes safer and safer...

Full board

At the welcome breakfast you will get to know the other participants and during the training full board is provided; food and drink are therefore included for the whole training period.

Motorcycle handling

With new exercises for your travel enduro you refresh your riding skills and deepen what you already know. You will learn how to control your machine even more safely in rough terrain.

Offroad terrain

New training stations on the training ground ensure that there is no room for boredom even if you have to repeat the offroad experience! The highlight of this eventful day is again a ride through the Lüneburger Heath.

FAQ - frequently asked questions

Here you will find the answers to the frequently asked questions about the

1-day Enduro experience for riders who want to repeat the experience:

> Is protective clothing required?

Participation in the training is only possible with complete safety clothing (full-face helmet, motorcycle trousers + motorcycle jacket with protectors, gloves, boots).

> Can I borrow enduro boots ?

For a usage/maintenance fee of 15,00 €/day you can rent Enduro boots (in common sizes).

> Do you have changing facilities?

>Yes - there are modern sanitary facilities: showers and changing rooms with own locker. So feel free to come in "civilian" style by car - you can then change on the spot.

> Do you have deep benches or should I bring my own?

We have some deep benches in stock here (best to book in advance/enquire if available). You are welcome to bring your own from the identical model, then you know for sure that it fits and you don't have to worry about availability.

> Does the training take place in any weather?

Basically the training is carried out in all weather conditions. Training will only not take place if the weather conditions on the training ground do not allow training at all - but this has never happened before. The conditions at our location are decisive! Participants who travel from further away should call us at their home in case of adverse weather conditions and ask how things stand here.

> Can I take part in the training even without a driving licence?

To participate in our trainings a valid driving licence class A/A1 and driving experience is required.

> I've never ridden off-road before. Can beginners also join in?

Of course! Our instructors are responsive to each participant. In the morning, they ask about their previous knowledge in the welcome round and the training day starts with the first off-road "dry runs" for demonstration. You will quickly get into the rhythm and learn quickly - step by step.

> Are there also advanced trainings?

Our training area is designed to suit both beginners and advanced students. The instructors respond to the participants accordingly, so that everyone is challenged accordingly and has fun.

> Is a single instruction possible?

All trainings are also possible as individual instruction. If there are more than 5 participants*, it is also possible to arrange your own training dates.

> Can I participate in the training with socio/social partners?

No, it is not possible to take part in the Enduro trainings as a couple on one motorcycle.

> How are the rental motorcycles insured? Do I have to pay for damages caused?

Our rental motorcycles are all insured without any excess for the participant, no additional fees are charged. Only in case of gross negligence/violation of the instructor's instructions or in case of a fully comprehensive insurance, an excess of 1.500 € is due.

> Do I have to pay attention to anything when I ride my own motorcycle?

Studded or mixed tyres (at least Conti TKC 70) are required on your motorcycle in order to participate in the Enduro training. For safety reasons, motorcycles with road tyres must NOT be ridden!

If the motorcycle is not allowed, you are welcome to take part in our training on the Hammerstein Park grounds. However, you cannot take part in the ride, as we leave our private area here.

Insurance when riding your own motorcycle (no rental motorcycle):

In case of safety training (no race track training!) the insurance you have for your motorcycle in road traffic is valid. It is best to check with your insurance company before the training.

> What are your payment methods?

You can pay the participation fee by invoice - normally payable within 30 days or by the latest training date if this is earlier. If the date is 4 months or later, there is a 60-day payment term.

> Do you have any hotel recommendations?

Yes, we can recommend some hotels in the area to you. Upon request, we'll send you an overview of our recommendations.

> Can I spend the night at your place with my camper, bus or similar?

You are welcome to park your overnight vehicle in one of our signposted parking areas. However, we do not have public sanitary facilities here. If you have not equipped your motorhome or similar, you will certainly be better off in one of the nearby campsites.

> Can I bring friends/family as visitors?

I'd be glad to. We have set up a visitor platform with tables and seats in the Enduro area. There your visitors can stay during the day and have a great overview of a large area of the training area. In our Coffee Corner we offer snacks and drinks during the training days.
