The tours:

Wide beaches, rugged cliffs, barren mountains, deep lakes, rolling hills and the typical Irish pastures and fields surrounded by hedges and old walls - Ireland's southeast has many beautiful landscapes to offer! Ireland's east also has a lot to offer culturally: Over the centuries the fertile land attracted Celts, Vikings, Normans and Englishmen alike and they left behind many interesting sites. You have the choice of numerous half and full day tours with many attractive destinations for your holiday.

All motorcycles are equipped with side pockets and TomTom Navi. We have put together numerous day trips for you and pre-programmed them on the navigation systems. Additionally you will get a detailed description. On your arrival you will receive a proper briefing with a test ride for your rental motorcycle and, if necessary, a small practical instruction for left-hand traffic.

Some highlights:

The beautiful city of Kilkenny with its magnificent castle and old town  
The mansions and gardens of Wicklow, such as Powerscourt House and Gardens

The cities of Wexford and Waterford, founded by Vikings  
Cashel Rock and Cahir Castle  
The beaches, cliffs and bays of the east coast  
The mystical Glendalough Monastery in the Wicklow Mountains  
And many more sights and motorcycle routes ...

The overnight stay takes place in a comfortable guest house - we call this offer B&B = Bed&Bike!

Light and lively you will be curving through the hills - completely without overnight luggage, because it stays in your room.  
If the weather is not good enough, you don't have to pack, check out and continue your trip: just enjoy a cosy morning or afternoon in the spacious guesthouse and don't start again until the weather gets better and you are ready to go on another beautiful tour!  
If you want to go on your own, you can do so anytime! We are happy to help you choose your tour and your navigation system will guide you home safely every now and then. Also half-day tours and short trips are no problem - this gives you maximum flexibility!
