Get ready for the thrill of riding solo through the stunning landscapes of Andalusia on our 8-day self-guided tour, packed with six intense days of riding. Tackle countless winding roads at your own pace.

Off we go in the heart of Malaga, where we warm up for our exciting motorcycle tour of Andalusia. This is not a walk in the park, but an adrenaline pump between you, your motorcycle and the road. If the call of endless winding roads enchants you, then this 8-day excitement ride with six banging days of riding is for you.

We've done this many times before but it never gets boring! We are masters at discovering the most extraordinary winding roads, and every time they take our breath away.

As always, our hotels are all hotels we trust and have stayed in many times. They are all comfortable, cozy and in fantastic locations.

We can also transport your motorcycle from most places in Europe to our garage in Malaga, including local pick-up.

Highlights:

Iznájar: In the middle of Andalusia you will find Iznájar. This hilltop village, magnificent with white houses and a venerable castle, overlooks the azure waters of the Embalse de Iznájar, the largest reservoir in Andalusia.

Sierra de Cazorla: Known for its vibrant wildlife and breathtaking landscapes, the Sierra de Cazorla is a lush mountain area filled with dense pine forests, tumbling waterfalls and peaceful hiking trails, making it an exceptional outdoor adventure.

Cabo de Gata: If you're a nature lover, Cabo de Gata is your paradise. With pristine beaches, crystal clear waters and volcanic cliffs, as well as a variety of biodiversity, desert

landscapes and ancient fishing villages, an unforgettable experience awaits you.

Sierra Nevada: The Sierra Nevada, a snow-capped mountain range in southern Spain, is home to Mulhacén, the highest peak in Spain. With its diverse flora, fauna and landscapes, it is a paradise for adventurers and nature lovers alike.

How it all works:

The daily riding time is usually between 4 and 5 hours. We recommend stopping every hour or so. The GPX files will take you through streets with cafes and excellent viewpoints where you can rest and have a coffee or something to eat. The routes are winding and challenging, full of empty and incredibly smooth asphalt roads.
