

Motorcycle shipping: Germany - Nepal (M-ID: 2762)

<https://www.motourismo.com/en/listings/2762-motorcycle-shipping-germany-nepal>

from €3,500.00

Dates and duration (days)

On request

Have your motorcycle shipped to Katmandu in Nepal by sea or air.

For a trouble-free import and export in your country of destination, a so-called Carnet de Passage is required. It is exclusively available at automobile clubs (in Germany ADAC). For a binding information concerning final import of vehicles, please be addressed to the automobile club or the customs authorities at the destination.

Besides transport via airplane, we offer maritime transport. We have direct contacts to forwarding agencies in Kathmandu. Aside from the option to book one-way transport only, we offer outbound transport via plane and return transport via ship as well as both ways via plane.

packaging:

For transports to Nepal, the motorcycle must be packed in one case. Just talk to your local motorcycle dealer - they are often happy when the overpack of new vehicles can be disposed free of charge. Best try your luck at one of the dealers of Italian or Japanese manufacturers. Although many brands have already converted to returnable packing, you should give it a try! You will save hard cash if you keep your box as small as possible, e.g. by removing the front wheel.

Alternatively, packaging can take place via an enterprise in Hamburg determined by us. Please note that transportation costs are higher in this case, since – due to liability reasons - no parts of the motorcycle may be removed and thus the packaging will be more spacious.

Outbound trip air freight – return trip air freight
Potential delivery points are Hamburg, Frankfurt, Cologne, Stuttgart and Munich, return transport is possible to Frankfurt only. Upon request, collection/handing over of the transport box can be effected at your premises. About one week prior to departure, your motorcycle will be shipped. Thus, on-time arrival is guaranteed.
After customs clearance – that has to be effected jointly

with the passenger (approx. time duration 1 day) - your motorcycle just needs to be unpacked and off you go! The empty box will be stored by our correspondent or left at the destination (in case of a oneway-transport). Please contact our forwarding agent a few days prior to return transport and coordinate your vehicle's drop off. Upon completion of your vacation and customs clearance, your motorcycle will be repacked into the box. Anything else will be organised by us here in Hamburg or by our partner at the destination. Please calculate approx. 10 days for return transport. Transportation and customs clearance for both ways are included in our service. Storage of the empty box as well as present fuel and security charges besides fees for dangerous goods are also included.

Outbound trip air freight – return trip sea freight
Potential delivery points are Hamburg, Frankfurt, Cologne, Stuttgart and Munich, return transport is possible to Hamburg only. Upon request, collection/handing over of the transport box can be effected at your premises. About one week prior to departure, your motorcycle will be shipped. Thus, on-time arrival is guaranteed.

After customs clearance – that has to be effected jointly with the passenger (approx. time duration 1 day) - your motorcycle just needs to be unpacked and off you go! The empty box will be stored by our correspondent or left at the destination (in case of a oneway-transport). Please contact our forwarding agent a few days prior to return transport and coordinate your vehicle's drop off. Upon completion of your vacation and customs clearance, your motorcycle will be repacked into the box. Anything else will be organised by us here in Hamburg or by our partner at the destination. Please calculate approx. 6 weeks for return transport. Transportation and customs clearance for both ways are included in our service. Storage of the empty box as well as

present fuel and security charges besides fees for dangerous goods are also included.

The return transport is calculated with about 6 weeks.

Category	Motorcycle shipping
Flight	no, not incl.
* PRICING	Minimal without optional extras, see pricing

Pricing

Transport by air freight from Germany to Kathmandu and by sea freight back	€3,500.00
Transport by air freight from Germany to Kathmandu and back	€4,200.00

-

The weighting of outward and return transport is about 40/60, please consider this as a rough price indication and let us know your transport data for an exact calculation.

Our prices are calculated individually, so please inform us about length, width and height (please remove mirror!) as well as weight. Primarily, volume matters! The smaller the box, the cheaper the transportation costs!

Features

Motorcycle transport to Nepal by air freight/sea freight and back

round trip check-in

Fuel, dangerous goods and security charges

Not included features

Transport box

Everything that is not listed under services

More details

Optionally we offer a transport insurance against total loss and damage of the motorcycle. The premium is 1.6% of the vehicle value, with a minimum of €160.00 for the entire trip. Possibly with stowed luggage in the transport box is unfortunately not insurable, we recommend to inquire about a luggage insurance. The damage must be visible from the outside and the deductible is € 500,00.

A collection/delivery of the ready packed transport box by truck with lifting platform and pallet truck at your place is possible.
