

Motorcycle shipping: Argentina, air freight Oneway (M-ID: 2774)

<https://www.motourismo.com/en/listings/2774-motorcycle-shipping-argentina-air-freight-oneway>

from €3,800.00

Dates and duration (days)

On request

Possible delivery points are Hamburg, Frankfurt, Düsseldorf, Stuttgart and Munich. On request, the transport box can also be picked up / delivered at your premises. About one week before the start of the trip the motorcycle will be sent off, so that a timely arrival is guaranteed.

Return transport

Due to „creativity“ of local authorities and service providers, we can only offer oneway transport. A return transport is possible from Chile or Montevideo (Uruguay). We are pleased to submit an individual offer.

At the Destination

Please contact the local representation of your airline or shipping company after your arrival. After payment of local fees, customs clearance will be effected. Now you just need to unpack your motorcycle and off you go! The approximate time duration at the airport comes to 1 day. You can leave your empty box there.

Due to developments at the Argentinian port and customs authorities, we advise against maritime transport to Argentina. Both our local agent and travellers speak of long-lasting and expensive releasing processes. This exclusively applies to maritime transport. We still offer this method of transport but we will not assume any liability for additional expenses emerging at the destination.

Customs

To our knowledge, a so-called Carnet de Passage is not mandatory for the whole of South America. For a binding information concerning final import of vehicles, please be addressed to the automobile club or the customs authorities at the destination.

Packaging

For transports to Argentina, the motorcycle must be packed in one case. Just talk to your local motorcycle dealer - they are often happy when the overpack of new vehicles can be disposed free of charge. Best try your luck at one of the dealers of Italian or Japanese manufacturers. Although

many brands have already converted to returnable packing, you should give it a try! You will save hard cash if you keep your box as small as possible, e.g. by removing the front wheel.

Alternatively, packaging can take place via an enterprise in Hamburg determined by us. Please note that transportation costs are higher in this case, since – due to liability reasons - no parts of the motorcycle may be removed and thus the packaging will be more spacious.

Further package can be stowed unless hazardous substances according to aviation regulations are involved (e.g. batteries/accumulators, methylated spirits, motor oil, aerosols).

Our prices are calculated individually, so please inform us about length, width and height (please remove mirror!) as well as weight. Primarily, volume matters! The smaller the box, the cheaper the transportation costs!

Transport Insurance

As an option, we offer a transport insurance against total loss and transport damage of your motorcycle. The premium amounts to 0.95% of the vehicle value, at least € 95.00. Paint damages and oxidation are excluded, vehicles older than 9 years are insurable against total loss only. Please note that additional luggage stowed in the transport box is uninsurable. We recommend to inform yourself about a traveller's baggage insurance. In case of damage, it must be visible from outside. Retention comes to € 500.00 per claim.

Countries	Argentina
	Germany
Category	Motorcycle Shipping
Flight to / from	no, not incl.
* PRICING	Minimal without optional extras, see pricing

Pricing

Air freight One Way (from Germany to Argentina) from €3,800.00

The costs depend on the size of the transport box and amount to approx. € 2.200,00 per airfreight for a usual enduro from various airports in Germany to Buenos Aires plus airport fees for collection of approx. US\$ 300,00. By ship, approx. € 850,00 plus Argentine port fees of approx. US\$ 1500,00 are to be calculated. The prices are based on current tariffs and include German handling charges as well as current fuel, dangerous goods and security fees. Please consider this as a rough price indication and let us know your transport data for an exact calculation.

Included

Motorcycle transport by air freight One Way to Argentina

Pick up of the ready packed transport box by truck with lifting platform and pallet truck (depending on booking)

Our prices are calculated individually, we therefore ask you to give us the length, width and height (mirror / glass disassembly!) and weight - primarily the volume is decisive, so the smaller the box the cheaper the transport costs.

Not included

Everything that is not listed under services

More details

Contract and payment: when you have decided to book, we will draw up a contract of forwarding, which you will send back to us signed. The transport will be invoiced promptly at the time of collection/delivery of the motorcycle, we do not charge a down payment at the time of contract conclusion!
