from €199.00

Dates and duration (days)

On request

2 days

On August 15th and 16th we will be guests on the big kart track in the Motorsport Arena Oschersleben. Surely you have heard of it, because in Italy and Spain pitbikes have been used by racers as training bikes for a long time. On the "small" bike you can learn the hanging off at low speeds, among other things. So we are not talking about riding in Supermoto style here!

All around:

Besides the action on the track there is enough space for an extensive evening program. Look forward to a cosy barbecue evening with lots of fuel talks. Of course, we also take care of your physical well-being during the day, as well as a parking space for your motorcycle overnight.

If two days of pit bike training at the Oschersleben go-kart track is too much camping feeling for you, you have the exclusive opportunity to book a hotel room directly with us. Together with the Motorsportarena Hotel we were able to negotiate a room contingent at the best price!
