

7 Days Kyrgyzstan: On the tracks of the nomads (M-ID: 2887)

<https://www.motourismo.com/en/listings/2887-7-days-kyrgyzstan-on-the-tracks-of-the-nomads>

from €2,290.00

Dates and duration (days)

Kyrgyzstan, also known as Kirghizia or Kyrgyz Republic, can boast two of the highest and most pristine high mountain ranges of the earth: Tian Shan and Pamir.

This rugged mountainous landscape is the ideal backdrop for an adventurous motorcycle tour through Central Asia, following in the footsteps of the nomads and caravanserais of the world famous ancient Silk Road. Natural spectacles such as the crystal-clear Issyk-Kul Lake, the heart of Tian Shan, line the path and show that this barren, little-known landscape is home to an unparalleled diversity.

Nomadic traditions have been preserved over thousands of years and have been complemented by oriental and Asian cultural influences. Kyrgyzstan is a magical country with enchanting, unspoiled scenery, which is on the wish list of every off-road enthusiast

...on the back of a motorcycle. Join us on an unforgettable motorcycle tour through Central Asia!

Travel program:

Day 1 - Arrival in Bishkek, Kyrgyzstan

After arrival at Manas airport, 25km north of the Kyrgyz capital Bishkek, we drive about 40 minutes to our accommodation. Bishkek is located at an altitude of 700 meters at the crossroads of steppe and high mountains. Accommodation is in a well-kept and comfortable local hotel. After arrival of the whole group we will get a detailed briefing. You will receive all the necessary instructions on how to use the bike and all the information about the itinerary. After the introductory session, test ride and motorcycle handover will take place. A mechanic is available to all participants from the very beginning to help them adjust the steering levers, adjust the motorcycles and clear up any technical ambiguities.

Day 2 - Bishkek - Suusamyr (160 km)

Our motorcycle tour starts directly with a highlight, the ride into the impressive Suusamyr Valley, which is located in the heart of the Tian Shan. The tour leads us along the mountain pass Töö-Ashuu at 3586 m altitude. This route is

one of the most beautiful in Kyrgyzstan and is especially popular with amateur photographers because of its diverse motifs. From the highest viewpoint of the pass we get a unique view of the Suusamyr valley. The lush mountain meadows of the surrounding landscape are decorated with wild flowers in summer and are home to numerous herds of horses.

Day 3 - Suusamyr - Lake Songköl (225 km)

After a hearty breakfast we ride to an altitude of 3016 meters to Lake Songköl, which is rightly called the wonder of Tian Shan. Here you can still experience the traditional way of life of the nomads up close: classic white yurts, hospitable shepherds and the typical yak herds. After lunch we will visit the high altitude ancient rock paintings of the area, from where we can enjoy the beautiful panorama of the mountain lake landscape! The overnight stay today is something very special, as it takes place in traditional yurts of the local nomads.

Day 4 Lake Songköl - Naryn (300 km)

Today the road to Naryn is on the agenda, a route known among motorcyclists in enduro circles as a "paradise" for enduro riders. The route leads through barren mountain landscapes, hilly semi-deserts and sandy gorges. Along the way you will have the opportunity to get to know the local nomadic culture better and learn interesting facts about their way of life and traditions. At sunset we reach the hotel in Naryn for overnight stay.

Day 5 - Naryn - Tosor Pass - Kadji Sai (250 km)

After breakfast, we will start on our enduro motorcycles along the Naryn, the longest river of Kyrgyzstan (535 km long) to the spectacular confluence with the Kichi Naryn, which we get a perfect view of from our high altitude route in the middle of the untouched mountain landscape. We

continue on to the most challenging part of the route through the Tian Shan Mountains, the ascent to the majestic Tosor Pass (4020 m), whose wild beauty leaves a lasting impression. From here, the beautiful Issyk-Kul mountain lake stretches out in all its glory before our eyes. This pearl of Central Asia is one of the highest and deepest lakes on earth. Today's lunch will take place in the nature and dinner will be served at the end of the day at the inn.

Day 6 - Kadji Sai - Bishkek (300 km)

Today we set course back to the capital Bishkek, passing the huge Orto-Tokoy Reservoir, surrounded by mighty mountain ranges. In Bishkek we check in at the hotel and take a short break. On the last evening we will have a farewell dinner together in the busy city centre.

Day 7 - Return flight

Countries	Kyrgyzstan
