

Motorcycle safety training courses (Nuremberg, Germany) (M-ID: 2937)

<https://www.motourismo.com/en/listings/2937-motorcycle-safety-training-courses-nuremberg-germany>

from €99.00

Dates and duration (days)

Improve your riding technique under professional guidance. Eight hours of motorcycle training according to DVR guidelines.

Braking is not always easy even on four wheels in a car; on two wheels on a motorcycle it often becomes an art. Especially when it comes to achieving the shortest possible braking distance in an emergency. During the training you will, therefore, learn how to make the most of the excellent braking technology through correct operation. It also teaches riding techniques that make it possible to defuse unforeseeable dangerous situations.

For this reason, we conduct training for motorcyclists in a cordoned-off area. The courses usually consist of 6-12 participants and are held on weekdays, weekends and holidays. Duration is about 8 hours, from 9 to about 17 o'clock, with a lunch break.

Only participants who are in possession of the driving license required by law for the vehicle used at the time of the event will be admitted. The participant confirms that he has a basic knowledge of starting, braking and cornering.

The participants' vehicle must be registered for road traffic and properly insured. It must be in a roadworthy condition, have sufficient tire tread, and be sufficiently fuelled. The participants are obliged to wear complete motorcycle protective clothing, helmet, motorcycle gloves and boots.
