07/07/2024 - 07/14/2024 8 days

08/18/2024 - 08/25/2024 8 days

For the enthusiastic pass road riders with less time, we can offer the Highlights of the Carpathians as a one-week tour. Within eight days, we ride through the most beautiful passes of Romania - Transfagaras, Transalpina, Alpina of Banat, Donaudefilee' and many more scenic roads in between.

In addition to riding fun, we still have a few small visits. Also, the daily stages are chosen so that it is a tour for every hobby rider and not a "motor sports event", where you fall into bed every evening dead tired. This should also be a vacation. To make you fit again from the daily riding fun, we will stay in top hotels and of course our escort vehicle will transport your luggage, so that you can relax on your bike and waggle down all the curves - the tour is a road tour and suitable for all machines (including sports machines).

To avoid the arrival traffic as best as possible, we start on Sunday. This also makes it easier for riders from more distant federal or neighboring countries to get there. The tour will start directly in Romania / Timisoara (or Vienna). So those who arrive by car and trailer can save the boring first day on the Hungarian highway and ride straight through to Romania by car. All those who arrive by motorcycle can choose their desired speed and break distances on the Hungarian highway without having to follow anyone. Meeting point is in the restaurant of the first hotel. Of course you will get a precise roadbook for this day, which will guide you exactly to the hotel. If you wish, your luggage will be picked up at the hotel in Vienna and does not have to be transported on the bike. If you arrive by car and trailer, you can park them safely in Timisoara during your vacation (please make a reservation in advance).

Day 1 - Sunday: Ride Vienna - Timisoara

Daily distance approx. 550 km

As mentioned, today is dedicated to the journey to Romania - you are on the highway the entire time. This boring necessity is done by everyone in his own way - whether fast

and continuously or slowly with many breaks, whether on the bike or in the car with trailer. Anyway, your roadbook will ride you safely to our first hotel. We meet each other in the evening in the hotel restaurant and get to know each other first. Now the real vacation can start!

Day 2 - Monday: Ride Timisoara - Eselnita

Daily distance approx. 320 km

On the first day we would like to spoil you with curves and beautiful nature. After a ride through the foothills of the Carpathians, we will ride along the famous Danube River (a dream route!) to our hotel. So our tour starts right away, as a motorcyclist can only wish. Our destination for the day is a fantastic hotel right next to the Danube at the iron gate. Day 3 - Tuesday: Ride Eselnita - Targu Jiu

Daily distance approx. 160 km

In the morning we take a short boat ride at the Iron Gate and visit the famous King Decebal carved in stone. Afterwards we ride a beautiful route through a long valley and over a mountain with lots of curves. Afterwards we stop at the monastery of Tismana (a monastery must be seen on a Romania trip, some travel here just for the monasteries). At our destination for the day, Targu Jiu, you can either admire the artwork of the famous sculptor Brancusi, or relax in the beer garden at the hotel - a top restaurant is waiting for us there! You will love this day on the bike!

Day 4 - Wednesday: Ride Targu Jiu - Sibiel

Daily distance approx. 220 km

Another dream day in every biker's life - "Big Mama" is waiting for us - the TRANSALPINA and the famous Urdele pass. It is the highest pass road in the Carpathians and therefore also the highest in all of Romania. 2145m above sea level guarantee us wonderful distant views and unforgettable impressions. In the evening a next highlight is waiting for us. We will spend the night in the small village of Sibiel on a farm. For dinner we will invite you to a typical Romanian evening with country specialties, wine and Tuica. There will be (not too much) folklore and music.

Day 5 - Thursday: Ride Sibiel - Brasov

Daily distance approx. 320 km

One highlight follows the next - today we ride up the most famous pass in Romania - THE TRANSFAGARAS (voted among the 10 most beautiful motorcycle routes in the world). Unbelievable impressions are waiting for you, which can hardly be captured on photos. A must in the life of every motorcyclist! There is also a big chance that bears will cross our way - there are quite a few of them on the southern Fagaras. At noon we invite you to a sumptuous farmer's picnic (all specialties bought from the farmers on the mountain). Destination for the day is the beautiful city of Brasov with a great designer hotel....

Day 6 - Friday: Ride Brasov - Sibiu

Daily distance approx. 175 km

In the morning we ride over a nice mountain road with a great view to the DRACULA CASTLE of Romania - Bran Castle. In the merchant village at the foot of the castle you can stock up to your heart's content with Romanian sights and souvenirs. Then continue on the country road to Sibiu. In this beautiful small town and one of the cultural centers of Romania we have enough time for an extensive evening stroll.

Day 7 - Saturday: Ride Sibiu - Timisoara

Daily distance approx. 280 km or 380 km

Today you have the choice. The shorter route rides on country roads directly back to Timisoara to our wellness hotel. There you can relax in the pool, sauna, etc. until the farewell party in the restaurant. Or if you still haven't had enough of curves and mountains, you can ride up half of the Transalpina again (this time, of course, from the other direction) via a 100km detour and only then return to Timisoara (note that about 40km of this route are "a bit rough", but can easily be mastered at an appropriate speed with any bike).

Day 8 - Sunday: ride Timisoara - Vienna

Daily distance approx. 550 km

Home journey independently - but of course if desired with luggage transport in the escort vehicle to Vienna. From Timisoara to Vienna rides continuously the highway. Everyone rides when he wants and everyone can choose his desired speed - as it began, it ends.

Well, and that's it!

A few more words about us:

We know Romania like the back of our hand for almost two decades and we didn't just ride down a few roads to offer you this one in addition to 37 other destinations in our overall program. We are Romania specialists, have only this country in the offer and as mentioned already very very

long. For a successful vacation you need more - food, entertainment, tips, knowledge about the lifestyle, stories and anecdotes of the country, fun and entertainment in the evenings ... Simply the whole package!

This tour is provided with an escort vehicle to ensure your comfort. This is convenient because you don't have to carry your luggage, and instead you can enjoy your pleasant ride to the fullest. The support vehicle is also very useful in case of a breakdown, as you and your motorcycle can fit inside and continue riding instead of waiting for the repair service in the middle of the Carpathians.

We do not have "family pensions" and "nice middle class hotels". We spend the night in the best possible houses in each place, in order to offer you the greatest possible comfort after a beautiful but perhaps exhausting ride. We have guided several hundred bikers from D, O and CH in the last sixteen years really satisfied through Romania.

If you need a room in Vienna for the arrival and departure day, we will be happy to help you.

If you'd like to arrive by a car & trailer or van to the first hotel and park there? No problem - just let us know!

Surcharge single room:

The surcharges are not exactly low. The reason: In Romania, as in the U.S., room rates are charged, not person rates (but there is no room at the end of the corridor, but "normal" nice large double rooms for single use). Thus it comes to these nevertheless not small single room surcharges. But if you are alone, you can of course share with another person who is also traveling alone. If you are interested, just let me know and I will bring you together with another roommate who is also traveling alone. In this case you will of course stay in double rooms with two single beds!

Maximum 14 bikes per tour
