Itinerary:

Day 1: Arrival in Yerevan

After landing at Zvartnots International Airport you will be transferred to your hotel for the first night, check-in is possible from 2 pm onwards.

Day 2: Yerevan - Garni - Geghard - Aragats - Byurakan

Today, it is time to hit the road! After breakfast at the hotel you will be picked up and taken to the motorcycles. There, we've got a few formalities to take care of and then we are on our way. Our first destination is the Geghard monastery from the 12th - 13th century. From there, we continue to the pagan temple Garni from the 1st century and then we ride back to Yerevan. We will continue to the slopes of Mount Aragats (4090 m above sea level) and after a stop at Lake Kari (over 3000 m), we will ride to Byurakan, where we will have dinner together and also spend the night.

Daily mileage: about 155 km. Included meals: breakfast and dinner.

Day 3 : Byruakan - Shirakamut - Stepanavan

Feeling ready for the day after having had a tasty breakfast, we start our day with a ride to Shirakamut village. On our way, we stop at Trchkan waterfall which falls into the Chichkhan River and is the highest waterfall in Armenia with about 23 m in height. After that we will continue our ride to Stepanavan, where we will have dinner and spend the night.

Daily mileage: about 155 km. Included meals: breakfast and

dinner.

Day 4: Stepanavan - Odzun - Hagpat - Yenokavan

Our day starts with a tasty breakfast before leaving Stepanavan to ride to Yenokavan. In the Lori province we will visit the village of Odzun and from there we will ride to the Hagpat Monastery from the 10th - 13th century. This monastery is listed as a UNESCO World Heritage Site and in the Middle Ages, it was a great religious, educational and cultural center in Northern Armenia. Our ride ends near Yenokavan, where we check into a beautiful resort above the village. The resort is located on a plateau surrounded by mountains and offers many additional activities such as horseback riding, mountain biking, fishing, trekking and zip lining. Here, you can do a rafting tour (30,00 € per person) or go for a zip line ride (25,00 € per person). In the evening, we will ride directly to Yenokavan for our dinner and overnight stay.

Daily mileage: about 155 km. Included meals: breakfast and dinner.

Day 5: Yenokavan - Navur - Lake Parz - Vanadzor

Continuing our journey, the eastern part of the Tavush province is our next destination. We ride through Navur village to Parz Lake, located in Dilijan National Park east of Dilijan in Armenia. The lake was formed by natural climatic changes. From Parz Lake we will then make our way to Vanadzor to spend the night.

Daily mileage: about 280 km. Included meals: breakfast and dinner.

Day 6: Vanadzor - Dilijan - Semyonovka - Tsaghkadzor - Martnuni or Tasapatagh

Today we will ride up high! After breakfast we will ride our motorcycles to the forested town of Dilijan and then

through the village of Semyonovka, located on the highest pass in Armenia. The mountainous landscapes are an absolute delight all the way. Then we will go to Tsapatagh and descend again to Martuni village, along the western shore of Lake Sevan, which is still situated at about 2000 m above sea level. We will spend the night in Martuni or Tsapatagh.

Daily mileage: about 200 km. Included meals: breakfast and dinner.

Day 7: Martuni or Tsapatagh - Selim - Yegegnadzor - Jermuk

After breakfast at the hotel, we will ride over the picturesque Vardenyants (Selim) Pass to Yegegnadzor. The road is mainly asphalted, but very beautiful, offering lovely views of the surrounding mountains. It was a part of the former Silk Road route and therefore, we can even make a small stop at a 14th century caravanserai. From there we will ride to the spa town of Jermuk, famous for its hot springs and mineral water. There we will end the day with dinner and also spend the night.

Daily mileage: about 120 km. Included meals: breakfast and dinner.

Day 8: Jermuk - Gndevaz - Goris

We ride further and further into the south of Armenia, passing through the village of Gndevaz, reaching the medieval monastery and also riding along the beautiful Ketchut reservoir. From there we continue to the town of Goris to spend the night.

Daily mileage: about 120 km. Included meals: breakfast and dinner.

Day 9: Goris - Tatev - Khndzoresk - Kapan

A large part of your Armenia motorcycle trip is over already, but there is still a lot to see: the majestic Tatev Monastery from the 10th - 15th century for example. We will ride to the monastery and if you like to, you can take a flight on the longest non-stop cable car in the world afterwards. Then, we will go to the cave town of Khndzoresk. Here, we stop for a short hike to cross the gorge on the impressive suspension bridge. Paved roads are now leading us to the southern gates of Armenia on our motorbikes. Once we reach Kapan, we enjoy a tasty dinner and spend the night. Not far from the Tatev Monastery is the natural monument called "Devil's Bridge", which crosses the Vorotan River. There are also hot springs and beautiful natural formations under the bridge. If desired it is possible to do canyoning here, price on request.

Daily mileage: about 180 km. Included meals: breakfast and dinner.

Day 10: Kapan - Noravank - Khor Virap - Yerevan

The last day of our motorbike tour in Armenia will take us on a ride along the eastern shore of Lake Sevan to Vardenyants Pass. After a short stop at the Orbelyans caravanserai (Seilm), which is located on the former great Silk Road route, we continue to the Noravank Monastery from the 9th - 14th century. We will have lunch together in a local cave cafe in Gnishik Gorge and then continue towards Yerevan, which we will reach after a last stop at Khor Virap Monastery (4th - 14th century). There, we get to enjoy the best view of Mount Ararat.

Daily mileage: about 280 km. Included meals: breakfast and lunch.
