Experiencing Transylvania's challenging trails on your enduro - a dream that must not longer be a dream only!

5-Days Carpathian Adventure Tour along the Tracks and Trails of the Red Bull Romaniacs

Tour itinerary:

Day 1: Welcome to Romania!

After your arrival in Odorheiu Secuiesc, our tour guide will welcome you at the hotel which serves as the base for your upcoming tour. Here, you can take the time to unpack your bags, refresh yourself and get to know your new surroundings as well as your fellow travellers. Together, you can end the day with a cold beer and a delicious dinner before our first day of riding starts tomorrow.

Day 2-4: Enduro adventure along the exciting trails of the well-known Red Bull Romaniacs

After breakfast, it is time for your ultimate enduro adventure: three full days of riding through the Carpathian mountains and along the challenging trails of Transylvania await you. Our guide will consider your riding skills as well as your interests while guiding you through the marvelous landscapes of the Carpathian mountains, home of the legendary Red Bull Romaniacs, which have challenged some enduro legends already. After each rough day of riding, we'll return to our good hotel, awaiting you with a comfortable bed, the opportunity to enjoy a delicious dinner and of course also the chance to sip a couple of cold beers with your fellow riders.

Day 5: See you again in Romania!

Now that you've enjoyed three exciting riding days filled with action and challenges on your enduro while getting to know what living in Romania is all about - simplicity, openness and a general sense of lightheartedness - today

is the day to say goodbye. Of course, we will assist you in loading up your bike onto your trailer or getting you a taxi to the airport before you head home with loads of good memories in your luggage. See you again in Romania!

Travel Tip:

Especially in autumn an enduro trip to Romania is worthwhile, because the temperatures are still moderate, but not too hot anymore and according to experience you can expect less rain than in the hot summer months.
