8-Day Enduro Tour along the challenging Trails of the Carpathian Mountains

**Day 1: Welcome to Romania!**

After your arrival in Odorheiu Secuiesc, our tour guide will welcome you at the hotel which serves as the base for your upcoming tour. Here, you can take the time to unpack your bags, refresh yourself and get to know your new surroundings as well as your fellow travellers. Together, you can end the day with a cold beer and a delicious dinner before our first day of riding starts tomorrow.

**Days 2 and 3: Riding single trails through the Carpathian Mountains**

Our day starts with a rich breakfast in our hotel before we put on our safety gear, get acquainted with our rental enduros and ride the first couple of meters on our motorbikes. During our day tours, our experienced guides will show you the most beautiful trails of the Carpathian Mountains, the challenging paths of the extensive forests of Transylvania and the marvelous landscapes of Romania. Thanks to the great variety of trails to ride, things never get boring and at the same time, we can even enjoy the opportunity to switch between terrains, levels of difficulty and riding speed as we like. Thus, it is basically guaranteed for everybody to reach their limits! After each exhausting enduro day tour, we will return to our hotel and end the day in a relaxed way - with a good meal, some cold beer and interesting talks with like-minded riders!

**Day 4: Let's get to know Transylvania**

After breakfast, we'll grant our tired muscles a rest day today and explore the region of Transylvania without our motorbikes. The region has truly got a lot to offer and our guides can definitely show you the most interesting sights

to visit, the best places to eat at and also some shops where you can head to and purchase some souvenirs at. Some of the most interesting sights of Transylvania include the old town of Sighișoara, Dracula's castle in Bran, the salt mine in Praid, the salt lake Sovata, the Peles castle or one of the medieval fortified churches of the area. Furthermore, the center of Odorheiu Secuiesc, which can easily be reached by foot, as well as the pool and wellness area of the hotel Septimia make for a great vacation day before we're looking forward to the upcoming riding days on our enduros again.

**Days 5 to 7: Enduro tours in the Carpathian mountains**

Well-rested we get back on our enduros after breakfast to experience more trails of the Carpathian mountains. The rocky forests of Romania have challenged many heroes of the enduro sport before and therefore make for the perfect training spot for us, giving us the opportunity to test out our limits and improve our riding skills. No matter whether you're new to riding your enduro or you've been riding for years already - our guide will definitely be able to find the perfect trails for you and your enduro.

**Day 8: See you again in Romania!**

A week of vacation, five days of riding and a day in the exciting homeland of Dracula have passed - exhausted but happy it is now time to pack up your bags and travel back home. Of course, we will help you to load up your bike onto your trailer or get you a taxi to the airport so that you can travel back home relaxed and with many good memories in your mind. Alternatively, we'd also be happy to help you organize your individual tour extension - sporty on your enduro, touristically around the region of Odorheiu Secuiesc or relaxed in the hotel Septimia. Until next time in Transylvania!
