Poland offers more for motorcyclists than you might think at first glance. Curvy and mountainous in the south, a cruiser and landscape paradise in the north, the lakes of the Masuria, fantastic cities, culinary highlights, and, and, and.

On this motorcycle tour, we offer you not only riding but also many experiences - simply a real motorcycle holiday!

We invite you to discover ALL of Poland with us on the motorcycle!

Our tour starts Monday morning in Vienna or Monday evening in Prague (for guests, for whom the journey to Vienna is further than to Prague). And it also ends there on Saturday. This also makes the journey to and from your home town more relaxed - no matter where you come from, you have one/two extra days at the weekend. If you wish, your luggage will be transported in the accompanying vehicle from/to Vienna. Arrival by car/trailer/transporter is also possible from and to the first hotel.

Day 1 - Monday
Vienna - Prague
Daily distance approx. 340 km

Departure 9.00 o'clock from Vienna to Prague. But before we arrive there, we visit the famous place, Kutna Hora, including its church, which was furnished only with human bones (unbelievable, you have not seen something like that yet!). After we have all settled in the hotel, we explore a little bit of the city, eat a few Knedl, drink a few dark Kozel beers :) As mentioned, companions from Germany / Switzerland, western Austria also do not have to go to Vienna before and can start the tour here.

Day 2 - Tuesday
Prague - Spindleruv Mlyn
Daily distance approx. 220 km

Today we have some curves and also mountains coming

up. Our first stop leads us to Lindava, where we visit the famous biker cave. Here a motorcycle club has transplanted a whole motorcycle meeting place including a restaurant into a mountain. You could even ride your bike right up to the bar! Then it's into the Giant Mountains with the final destination Spindleruv Mlyn. Here, too, it's winding and mountainous - after all, Spindleruv Mlyn is also a well-known skiing area. By the way, we will stay in a top wellness hotel on the mountain with a pool, sauna, steam room, and everything is "pie pa po".

Day 3 - Wednesday
Spindleruv Mlyn - Wroclaw (Breslau)
Daily distance approx. 230 km

Once again some curves are waiting - on a beautiful route (still a part of the Giant Mountains) we are heading to the famous city of Wroclaw. After arriving we will take a boat trip to the old town and look for some of the 600 copper dwarfs hidden all over the city. Dwarves??? Why dwarfs?? We will tell you on the spot! For the first time, you will also have the opportunity to enjoy the excellent Polish cuisine - the choice is endless, we will advise you! A walk through the worth-seeing old town with the last gas-powered street lamps ends this day.

Day 4 - Thursday
Wroclaw - Torun
Daily distance approx. 300 km

We continue on low-traffic Polish country roads to the small town of Torun with its North German brick Gothic buildings (architecturally different from the rest of Poland - worth seeing!). A visit to the unbelievably beautiful old town brings the day to a close. For dinner we visit a private

brewery, whose food and drinks have so far always delighted all fellow travelers!

Day 5 - Friday
Torun - Gdansk
Daily distance approx. 220km

Now we are going to the Baltic Sea and one of the most beautiful cities in Poland. The way there leads over a beautiful route through a national park on wonderfully lonely forest roads. Here we settle down for two nights (Gdansk will be visited in detail tomorrow).

Day 6 - Saturday
Sightseeing in Gdansk

The port city of Gdansk is arguably one of the most beautiful cities in Poland. Therefore, we will charter a couple of open electric minibusses to take us around the sights. "Secret places" in the shipyard, the "old-new city", etc. must not be missed (we've got an absolute insider there with tours not everyone can book!). Following, a walk through the old town and if desired a trip to the Westerplatte with an old wooden ship.

Day 7 - Sunday
Gdansk - Gizycko (Lötzen)
Daily distance approx. 270km

Today we are going to the famous Masuria, the lake district of Poland. A lot of lakes to see :) The way there leads us also past the famous place where Poland's ships sail on land.

Day 8 - Monday
Gizycko - Rajgrad
Daily distance approx. 290km

Today, our route is for connoisseurs and nature lovers - we'll be riding around in the Masurian Mountains all day until we can't see any more lakes - and yes, there are also some nice curves ;) Our wellness hotel with pool, sauna, etc. directly on a lake offers a breathtaking view including a beautiful sunset!

Day 9 - Tuesday
Rajgrad - Warsaw
Daily distance approx. 260km

After so much nature it's time for a city again - the capital Warsaw is calling! The way there leads over nice country roads and through Polish villages. Nevertheless, we will arrive in time, so that there is enough time to explore Warsaw extensively.

Day 10 - Wednesday
Warsaw - Krakow
Daily distance approx. 290km

After the real capital of Poland, we go to the "secret" or former capital. Many also call Krakow the most beautiful city in the country. After our arrival, we freshen up and then some electric buses are waiting to show us the beauties and the history of the city. We are sure you will be as excited as we are!

Day 11 - Thursday
Krakow - Zakopane

Daily distance approx. 120km

Now it's time for curves and mountains again! We are heading over winding mountain paths to the famous winter sports resort of Zakopane. Our route with 120km lets us arrive in the early afternoon because there's a lot to discover in Zakopane. We can take the chairlift up the mountain, enjoy the breathtaking views and at the top of the mountain the special promenade. Also, the amenities of our top hotel there (the wellness area and the sauna landscape can easily keep up with some luxury thermal baths in our country) attract us. We also stay here for two nights, because tomorrow we go on an extensive mountain tour in the High Tatras!

Day 12 - Friday
Zakopane - Zakopane (High Tatras circuit)
Daily distance approx. 220km

Today a paradise of curves and mountains is waiting for us! We ride a nice circuit over the High Tatras (partly national park). After the flatter north now also mountain fans and curve fanatics get their money's worth. Everybody chooses his own speed, we also have enough time for photo stops. In the evening we celebrate farewell in our luxury hotel, tomorrow we head home.

Day 13 - Saturday
Zakopane - Vienna approx. 400km (or to the hometown)

In the morning we say goodbye - everyone chooses his own journey home and his destination at the desired departure time.

The first 120 kilometers are once again mountains, curves, nature - after the Polish border there's a smaller pass in Slovakia. After that it's up to you whether you choose the highway or the country road and whether your way leads you to Vienna or directly to your home town. Of course, we will bring your luggage to your hotel in Vienna if you wish.

Well, and that's it, now you have seen Poland too!

This tour is provided with an escort vehicle to ensure your comfort. This is convenient because you don't have to carry your luggage, and instead you can enjoy your pleasant ride to the fullest. The support vehicle is also very useful in case of a breakdown, as you and your motorcycle can fit inside and continue riding instead of waiting for the repair service.
