from €1,199.00

Dates and duration (days)

There was a wonderful wine on our trip and because it was so good, a few bottles were taken home in the luggage. Sounds familiar?

A balmy summer evening on the terrace at home, the bottle of wine should brighten up the evening and bring back memories. What happened, a wine that tastes different and not so good anymore. What remains is the longing for the holiday and the wonderful memories of it.

What if you spontaneously got on a plane now and arrived where the wine tasted so wonderful? We think this is a really good idea and that's exactly why we're going to do it. The meeting point for this tour is Porto and this is where the rental motorcycles will be handed over.

Departure

Day 1

Arrived at the airport in Porto our shuttle to the hotel is waiting for you and from now on the holiday can begin. After the handover of the rental motorcycles we will explore the old town of Porto and the evening together gives us the opportunity to get to know the other participants. Our tour guide will show you the most beautiful corners of Porto and will make you curious about the upcoming tours.

Note: For all guests arriving by 12 noon, we offer a complimentary half-day familiarization tour.

Day 2

Tarmac roads with endless curves lead us today to the Serra da Estrela, the highest mountain range in Portugal and in winter also a skiing area. The kilometres of curves wind almost endlessly through these mountains and most of the time we will be on the road alone. Depending on your mood, the tour can be shortened or extended. In the late afternoon we reach our accommodation, which is familiar and unique.

Day 3

On our way to the Douro Valley we will ride through the Serra da Estrela again at the beginning of the day. Along endless curves we reach our accommodation in the middle of the vineyards in the late afternoon. The Douro Valley in the north of Portugal is the most impressive wine-growing region in Europe and a UNESCO World Heritage Site. Small but nice is the motto here and you can look forward to an accommodation that is unique and has a lot to offer.

Day 4

Today's route is connected with such different views that it will be difficult to describe them. Lovely landscapes like in Tuscany or the high mountains of the Maritime Alps - there

is a bit of everything and therefore enough for a day full of riding fun. The Douro Valley is the home of Port wine and not only the view of this wonderful landscape will inspire you, but also the incomparable taste of a good Port wine.

Day 5

This will be our last day of touring and today we once again ride the winding hills of the Douro Valley. We arrive in Porto at late noon and will drop off our rental motorcycles. We have arrived in a city that never sleeps. We spend the evening in the city of port wine, where countless port wine cellars invite you to tastings.

Day 6

Today we say goodbye to Portugal. Not goodbye forever, because the next adventure is already waiting for us.
