

## Pitbike Training Karthalle Braunschweig (Outdoor/Indoor) (M-ID: 3136)

<https://www.motourismo.com/en/listings/3136-pitbike-training-karthalle-braunschweig-outdoor-slash-indoor>

**from €80.00**

Dates and duration (days)

**Surely you have heard about it, because in Italy and Spain pitbikes have been used by racers as training bikes for a long time.**

On the "small" bike you can learn the hanging off at low speeds, among other things. So we are not talking about riding in Supermoto style here!

What do you have to bring? The leather suit, full-face helmet (no jet helmet or other covers), proper gloves (not those for cycling), and the ability to ride a motorcycle safely. At this point, we have to tell the beginners that this little bike is very demanding and you will quickly be overwhelmed. A good portion of fitness would also be appropriate because the whole thing is already exhausting. But you will have fun with it and we guarantee the addiction factor!

Basically, you have a lot of fun with us and our pit bikes if you don't have a knife between your teeth and behave properly. Bullies and people who have no respect for the material can let off steam somewhere else. We reserve the right to stop the training for such participants immediately after a warning.

At an event like this, there are sometimes crashes. Which can happen. To keep the Pit Bike always in top shape, a fall also costs your money. It is valid: per fall 10,- € into the fall fund. If someone should completely scrap a Pit Bike, the event is over for this participant. If there are too many crashes, the event is over for the respective rider. As I said, it can happen, but it doesn't have to!
