Come and enjoy riding enduro at single trail level!

In contrast to our adventure trip, for this enduro tour you need sufficient enduro and single trail experience or the willingness and desire for your own challenge and of course a good portion of nerves.

Around Athens hides for many unexpectedly a very demanding Enduro terrain. In the mountains, which are up to 1400 m high, there is a rich selection of tracks, stony paths and exciting single trails through the forests. On well-maintained KTM enduros we move through an enchantingly beautiful and varied landscape. Adrenaline is guaranteed during the three days.

In this enduro tour you will get a taste of the uniquely beautiful mountains that surround Athens. The terrain changes and there are many views worth seeing, springs, country churches, meadows and huts serving local cuisine. Through enchanting scenery, the daily tours guide us over challenging surfaces to gravel roads - the "rally tracks".

This tour offers extensive riding challenges, as we have a variety of trails with different levels of difficulty to choose from, depending on your riding level. If you would rather have a tailor-made Enduro tour organised with your friends to suit your previous Enduro experience, then this is of course also possible. You don't have to take any luggage with you on these day tours, as we always return to our hotel in the evening. For dinner we give you the insider tips for the best tavernas.

This trip from day to day:

DAY 1 - ARRIVAL ATHENS TRANSFER RAFINA

Arrive Athens and transfer to hotel in Rafina (approx 30min drive). Rafina is a pretty little harbour town where the market place is bustling in the evening. In the harbour itself tavernas invite you to eat. Depending on the time of arrival it is possible to visit Athens and the Acropolis.

DAY 2 - RAFINA - DAY TOUR

In this tour you will get a taste of the uniquely beautiful mountains that surround Athens. We are in varied terrain and enchanting scenery the entire time and can seamlessly switch from challenging surfaces to gravel road "rally tracks". This allows us to choose how challenging we want to be at any given time. We ride through the marble and granite of Pendeli Mountain, whose stone material was used to build the Acropolis as well as many other famous monuments. After a short break we will explore the canyons and hills of Rapendosa, which will take us on challenging sections to the historic village of Marathonas, where the world famous Marathon race originated. There you will have the opportunity to visit places where the legendary battles took place. Afterwards we ride back to the headquarters to enjoy cool refreshments. We will then organize the transfer to the hotel.

DAY 3 - RAFINA - PARMITHAS MOUNTAINS - RAFINA

In the morning we visit the Parnitha Mountains. Again we start from the headquarters, up the mountain trails to Parnitha. Here you will see the highest and most beautiful mountain of Attica. This mountain offers us extensive riding challenges and an extensive feeling of joy. Of course, here again we have a variety of trails to choose from, depending on your riding level. Of course, because it tastes so good, we also dine here in a taverna with local cuisine. Afterwards, it's back through more scenery via the headquarters to our hotel.

DAY 4 - RAFINA - PARMITHAS PEAK - RAFINA

Day of challenge. We start today with the goal of reaching the top of the mountain. On trails that will make us sweat, we will be rewarded with breathtaking views and gorgeous

natural landscapes, just a stone's throw away from the city of Athens. Again, we have a choice, as we can ride equally less demanding trails and fantastic adventure roads that will effortlessly take us to the same wonderful spots. The "sky is the limit" when it comes to route selection and we know how to make the most of it. After a long day, we return -always with tired muscles but blissful- to the headquarters and drop off the bikes and head back to the hotel.

DAY 5 - RAFINA - ATHENS DEPARTURE

This is where the trip ends. You will get an airport transfer or you can extend your stay in Greece.
