from €817.00

Dates and duration (days)

With this motorcycle shipment solution you can make your motorcycle dream come true. Have your motorcycle brought home from Ulan-Bator in Mongolia - or brought there.

Let us bring your motorbike to Mongolia

In order for you to have your motorbike ready in time, we should have it at least 4 weeks prior to your arrival in Ulan-Bator packed inside a crate at our warehouse. Since we are able to offer weekly departures, you can be flexible in regards of your arrival in Ulan-Bator. For transport you can use your own motorbike crate, which we can collect from your home or you can bring it to our warehouse close to Stuttgart and use one of our rental crates.

Once the truck departs, you will receive a tracking information Monday to Friday from our side, so you can follow-up the location of your motorbike. As soon as the shipment arrives in Ulan-Bator, we will store your bike safely and without costs at the private terminal of our partner. Mongolian Customs has also an outpost there, so Customs Clearance can be finished within 2-3 hours meaning you can drive into the Mongolian steppe in the afternoon already!

Let us bring your motorbike back from Mongolia

From June to October we have every 4-6 weeks a departure from Ulan-Bator with an average transit time of 18 days to Germany. Depending on when you arrive, it could happen, that you would need to wait a few weeks for your motorbike in worst case. Please be assured, that your motorbike is being stored at our partner's private terminal safely and without further costs for you. Once the truck departs, we will send you a daily tracking information from Monday to Friday, so you can follow-up

the location of your motorbike.

As soon as the truck arrives in Germany, we will get in direct touch with you regarding collection/delivery of your motorbike.

Temporary storage of your motorbike within private terminal in Ulan-Bator possible

Customs Tariff Number is a digit code for individual items, that are inside the transport crate. Example: Motorbike and boots have different numbers and are therefore counted as two different Customs Tariff Numbers. If more than one item of the same kind will be shipped, it will be only one Customs Tariff Number, because it's not about the quantity of the item, but the amount of individually different items.

Dimensions of the rental crate: Inside: 232 x 95 x 115 cm (Front wheel as well as wind shield must be dismantled). Outside: 240 x 104 x 132 cm

In case you use your own crate, it must be able to carry 350 kg on top, be stackable and able to be lifted with a forklift truck. Freight charges vary depending on size of the crate.

Storage upon your arrival at private terminal in Ulan-Bator is free of charge.
