Dates and duration (days)

**Do you know this too? There was a wonderful wine which you had on the last trip and because it was so good, a few bottles were taken home in the luggage.**

A balmy summer evening on the terrace at home, the bottle of wine should brighten up the evening and bring back memories. What happened, a wine that tastes different and not so good anymore. What remains is the longing for the holiday and the wonderful memories of it.

What if you now spontaneously get on your motorbike and ride exactly to the place where the wine tasted so wonderful? We think this is a really good idea and that's exactly why we're going to do it. No matter if it is the wine from Italy or the Kaiserschmarrn in Austria. The journey is the destination and it's all about arriving where the wine tastes perfect again and the Kaiserschmarrn is a special treat.

Due to the demanding routes, the motorcycle should be safely controlled in curves, hairpin bends and on narrow mountain roads. This tour is not suitable for beginners and chopper riders.

**Curves and hairpin bends**

Our tour starts near Kufstein. The very next day awaits us with sweeping bends and numerous passes on the way to Carinthia. Accommodation is in a small, family-run hotel with a unique warmth. Exclusive is inclusive and you can look forward to a composition of driving fun over the smallest roads away from the mainstream and culinary highlights that are simply wonderful. With its 3798 m height, the Großglockner is one of the highest peaks in the Eastern Alps. Whether on this famous high alpine road, the Nockalmstraße or the summit road to the Mangart - again and again we experience spectacular approaches with numerous serpentine and endless curves up to 2500 m above sea level.

been dreaming of for a while and have not dared to do on your own so far. Get on and go, let the wind blow around your nose, experience freedom and simply let go of everyday life. We all need such feelings of happiness, because they are good for the soul. Fantastic bends and wonderful views are among the highlights of the tour and will impress you. The Mediterranean climate with its mild temperatures and the landscapes characterised by rugged mountains and forests simply make us feel good here.
