**On lonely roads over mountains and through valleys
Right in the middle of the motorcycle paradise Ore Mountains begins our guided motorcycle tour.
Followed by the spectacular "Taiga landscape" in the Jizera Mountains and the sensational, a
rideable motorcycle cave in the Czech Republic.**

This varied three-country motorcycle tour serves you pure biker feeling on four days of riding together. Interesting and informative stops and a shot of culture during the city tour in Dresden - the pearl on the Elbe - round off the program. You will experience this and much more on fantastic biking routes, commuting between the borders, so to speak history "to touch" on the German, Czech and Polish side.

The Jizera Mountains, located between the Czech Republic and Poland, is still an insider tip for motorcyclists. Unique motorcycle routes, characterized by curves and hairpin bends, promise us a touring experience in a class of its own. Our motorcycle tour runs largely on roads with little traffic through the Ore Mountains, Elbe Sandstone Mountains and Bohemia. Bizarre mountains, rocks towering like pins and deep gorges form the backdrop to this motorcycle tour. A special experience is the visit of the biker's cave or also called devil's cave, which offers us a somewhat different "inn stay". In addition, many unforgettable highlights await us on this adventure motorcycle tour to the East. Coming from the Reichenberg Cauldron, the Ještěd TV Tower, visible from afar, shows us the way to the viewing platform. Here we are offered a grandiose, cinematic panoramic view of the Reichenberg region reflected in the shadow of the extinct volcanoes. After an entertaining ride, Saxony's state capital finally welcomes us with its sights. Exclusively for our motorcycle tours, a Dresden native takes us on a guided tour of the old town, where we delve into the history of the city.

In summary, a motorcycle tour that offers nature, culture, riding fun and last but not least culinary delights in the almost unknown East of Europe as a total package!

Are you looking for a short break with the most beautiful means of transportation in the world? You want to experience a motorcycle trip with friends, which does not make too high demands on the curve technique? Varied routes and an appealing program are still a must for you?

Then this guided motorcycle tour is ideal for you. Experience your personal bike adventure "Between Ore Mountains and Jizera Mountains"!

Day 2: Curving fun from the Ore Mountains to the north of the Czech Republic

Our day's stage takes us through the pristine landscape of the Ore Mountains and the Czech Republic. In the Komotauer Land, in the northwest of Bohemia, countless stories and remote, winding roads await us, on which we "wag" extensively between Germany and the different border landscape of the Czech Republic.

Of course, the Fichtelberg must not be missing in the tour. With its 1,215 m, the highest and one of the most beautiful mountains in eastern Germany, it rewards us with a unique view and gives us a taste of the motorcycle terrain ahead of us in the coming days.

Overnight stay: Decin (Czech Republic)

Daily mileage: approx. 250 km

Day 3: Pure nature from the Elbe to the Jizera Mountains

The Elbe accompanies us through the picturesque Elbe Sandstone Mountains and invites us to one or the other photo stop. We cruise through the Sorbian part of Saxony... The half-timbered houses of the Sorbs, restored with great attention to detail, pass us by like a ride through a model landscape. After this picture book landscape we leave the Czech Republic and cross the border into Poland. The monastery Hejnice in northern Bohemia, framed by picturesque nature, shows us the way to the Wittichbaude. Already more than 100 years ago, travelers have stopped here and enjoyed a hearty snack or regional delicacies. Freshly strengthened, the untouched nature of the Jizera Mountains now stands in front of us. We enjoy the winding biker roads alternating with breathtaking viewpoints. After this high pleasure of biking, our hotel in Liberice, which is housed in historic walls, awaits us. After a day filled with many experiences, we let the historical architecture of the old town of Liberice, formerly Reichenberg, take its toll on us.

Overnight stay: Liberice

Daily distance: about 190 km

Day 4: Experience biker cave and curve waving: Through Saxon Switzerland to Dresden

The Ještěd TV tower can already be seen from the city and after a short ride offers us a unique 360 degree panoramic view of the North Bohemian Jeschken Mountains.

One last look and we start towards the Svitava Valley, which owes its name to the idyllic little river Svitava (Zwitt). Gigantic sandstone rocks pile up and house a motorcycle cave - the highlight, because the cave is passable by motorcycle up to the counter. Let yourself be surprised... Another highlight of our motorcycle trip is the Bastei. This famous rock formation in Saxon Switzerland offers us a wide view into the Elbe valley and over the Elbe Sandstone Mountains.

After these unique photo motifs we arrive in the "Florence on the Elbe" - Dresden. During an exclusive guided tour of the city, we experience the changing history of the city and end the day with dinner in the old town.

Overnight stay: Dresden

Daily distance: approx. 160 km

Day 5: From Dresden to the tranquil Ore Mountains

We leave the city behind and head north to Moritzburg Castle. The former hunting lodge of Duke Moritz is probably the most beautiful moated castle in Saxony and offers us a unique photo motif. After this feast for the eyes, we swing south and let the biker roads of the Free State of Saxony take their toll on us... until, as if out of nowhere, the showpiece bobsled run of the former GDR lies before us. Of course we don't miss this building and change from the bike to the "racing sled". A breath of Olympia is in the air... And winding it continues until our meeting point hotel in the heart of the Ore Mountains welcomes us again with a cool drink.

The days fly by and a multi-faceted motorcycle tour lies behind us, which guarantees us plenty to talk about in the evenings.

Overnight stay: Near Marienberg (Ore Mountains)

Daily mileage: approx. 170 km

Day 6: Individual journey home

Once again we have breakfast together, then it is time to say goodbye. On the individual journey home we will be accompanied by our memories of the past tour through the Saxon Ore Mountains and Northern Bohemia. Once again we will have breakfast together, then it is time to say goodbye.
