Itinerary

Day 1

The first part of this day will take you by highway to the city of Braga, known as the city of the archbishops.

After that, it's time to ride in the only National Park of Portugal, the Peneda – Gerês with its twisty narrow roads! The Peneda - Gerês National Park is full of good surprises! Here, it's possible to find animals such as wild horses, wolves, etc.

The last part of the day is a highway connection to the city of Leon.

Leon is a beautiful city, with a lot to see! But if you prefer, you can just relax on a terrace, and simply grab a glass of wine while you eat some tapas.

Day 2

The 2nd day of the tour is entirely dedicated to the Picos de Europa National Park.

The day starts heading towards the north, to Riano, with its beautiful dam!

After that, the route will take you to the heart of the Park, and to one of the most famous points, the Hermida Canyon.

In the second part of the day, you will ride through some of the most beautiful villages of the region, like Cabrales (famous for its cheese), and Cangas de Onís, where the day will end in a beautiful mountain style hotel.

Day 3

On the 3rd day of the tour, the morning begins with a visit to two of the most emblematic points of the Park, the Covadonga Monastery and the Enol e Ercina lakes!

Relax and enjoy the calm and natural beauty.

Now it's time to go further south and explore the east side of the park, riding through the magnificent Beyos Canyon!

In the second part of the day, you will explore the less known parts of the Park (but not less beautiful) before arriving at the monumental city of Oviedo, capital of cider.

Day 4

This is a day you will not forget!

On this 4th day, you will explore one of the most incredible places in northern Spain! The first kilometers are just an aperitif.

Soon you will be in paradise!

You are now in the heart of the Somiedo Natural Park! Get ready for the adventure!

The Somiedo Natural Park is a remarkable place. It's like being in the Swiss Alps. It is the only region in Western Europe where bears can be found in the wild.

The end of the day marks the arrival in Villafranca del Bierzo, where you can rest in the beautiful historical hotel.

Day 5

After leaving Villafranca del Bierzo, the Sanabria Mountains with its mountain passes are the next stop. It's a demanding road, but it pays back.

Stop at the top and enjoy the view before arriving at the Sanabria Lake and the village from which it gets its name

from, Puebla de Sanabria.

It's the time to return to Portugal by the magnificent Montesinho Natural Park, riding through the city of Bragança and its spectacular castle.

The tour is almost coming to an end, but there is still time to drive on some fast / Moto GP- style roads full of sweeping curves, before arriving at the departure city: Porto.
