4 days

First the training, then the tour. This gives you the opportunity to learn something new, perfect what you know and apply the training content on the subsequent day tours and further refine your riding technique.

We meet in the evening of the first day in our base hotel, a 3* country inn in the Taunus. At dinner, we get to know each other and discuss the training day and the two days of riding through Taunus and Vogelsberg. Our tours start and end at the base hotel.

On the training day, we ride together in the morning from the hotel to the training area, a distance of approx. 30 km. The training takes place on a closed-off training ground under the guidance of a trained and experienced motorcycle safety trainer. The emphasis of the training can be individually arranged according to the needs of the group.

On the two following riding days, we explore Taunus and Vogelsberg on the best motorcycle routes. The routes ride on winding and less frequented roads through wooded low mountain range landscapes and through idyllic river valleys. We pass some of the region's most beautiful castles and palaces and stop at the most famous motorcycle meeting points and magnificent viewpoints.

Highlights of this tour include Braunfels Castle, Münzenberg Castle, a detour on the historic Schottenring racetrack, and the route from the Rhine through the Wispertal valley to Bad Schwalbach. Plus the side roads and insider tips...
