5 Days of nothing but Enduro riding. At your desired date. Exclusively for your group

You are 2 or more riders who want to ride exclusively for at least 5 days?

No matter if you are a beginner, advanced or professional - this is the right place for you.

This is waiting for you:

Beginners

The right choice for motorcycle beginners, newcomers to driving licences, those returning to riding after years of abstinence and anyone with little experience on a motorcycle.

Proper learning of the basics of motorcycling to quickly make friends with the enduro and the first kilometers on gravel roads.

The correct handling of the machine and exploring interesting corners of the island on- and off-road are in the foreground of our "Enduro hike".

Advanced

The tour for the experienced road rider or travel enduro rider who wants to get to know new riding techniques off-road and ride safer and more power-saving when off-road - enduro riding.

Often it's the small but subtle tips and tricks that make the difference between street and off-road. Also on this tour we try to ride off-road standing on the Enduro. In addition, you will experience a breathtaking Fuerteventura off-road.

Pros

Sand dunes, washed out barrancos, steep up and down single trails, coastal landscapes and of course the endless gravel roads invite you. Here the Enduro heart laughs!

Dates are flexible and possible all year round - just ask.
