

7 Days - Soysambu Conservancy & Amboseli (M-ID: 3832)

<https://www.motourismo.com/en/listings/3832-7-days-soysambu-conservancy-and-amboseli>

from \$2,357.00

Dates and duration (days)

On request

7 days

12/02/2023 - 12/08/2023 7 days

12/16/2023 - 12/22/2023 7 days

This tour will take you from Soysambu Conservancy - where you can (among other animals) see giraffes, gazelles, and zebras up close while being on two wheels - on to Kajiado and Elerai - Kenya's south-eastern border with Tanzania - and finally close to the Amboseli National Reserve.

This itinerary will take you from Soysambu Conservancy, where you can see giraffes, gazelles, and zebras amongst others up close on 2 wheels. From Soysambu, on to Kajiado and finally on to Tawi, Kenya's south-eastern border with Tanzania. Beautiful landscapes, and great wildlife sightings.

Daily riding times vary but on average we spend approximately 6 to 7 hours out riding.

-

Itinerary:

Day 1: Arrive in Nairobi.
Collect from JKIA and take to the Tamarind Tree Hotel.
Overnight Tamarind Tree Hotel.

-

Day 2: Early morning collection from Nairobi.
Approximately a three-hour drive to Punda Mili Camp close to the city of Nakuru. Meet your riding crew. After a briefing about the bikes and safety while out riding, time to ride! We go explore the surrounding hills with beautiful views of the lakes and ride in the Eburu forest. Overnight Punda Mili Camp.

-

Day 3: Full day out and about exploring Soysambu Conservancy.

The Conservancy is home to plenty of plains game, zebras, giraffes, gazelles, as well as buffalos amongst other animals. Riding on and around the conservancy is unbelievably beautiful and seeing the animals from the seat of your motorbike is an experience of a lifetime. Option of a picnic lunch out, or lunch back at camp. There are plenty of

routes we can ride, the whole area offers different terrains and different levels of riding – from intermediate to more technical riding. Overnight Punda Mili Camp.

-

Day 4: After breakfast, we ride back out of the Great Rift Valley, past the famous Ngong Hills from the film 'Out of Africa' and head south to Kajiado.

Overnight at the Lerruat Lodge which is located at the top of a steep hill.

-

Day 5: After breakfast, depart from Kajiado and ride towards Amboseli National Reserve.

The landscape changes so much – from woodlands to dry lake beds and lush river swamps. Overnight at the Kimana Omega Safari lodge or at a camping site.

-

Day 6: Full day riding around Tawi Conservancy.

Look out for the mighty Amboseli elephants and incredible views of Mt. Kilimanjaro. The overnight site remains the same as the previous day.

-

Day 7: After breakfast, ride from Tawi to Karen, a suburb of Nairobi. Once we get to Karen, we leave the bikes. A day room is available for showers before heading out for a late lunch and then to the airport for your flight home.

Our conservation work

We are committed to protecting the communities, wildlife, and environment that we ride in. The conservancy fees that are charged to the clients are used to support the

conservancy areas in which we ride, which sustain the wildlife and communities that live in these areas. We are also in a position to raise money for funding special projects. In our HQ at the Soysambu Conservancy, we have facilitated de-snaring projects. Snares are a major threat to wildlife populations through poaching and these projects that we support are critical to protecting their wildlife populations.

In the past, we have raised money to support the world-renowned David Sheldrick Trust which is known for its rescue and rehabilitation programs for orphaned elephants.

We have also held fundraisers to build predator-proof "bomas", which are designed to reduce livestock and wildlife conflict and, as they are designed to be mobile, they are great for sustainable rangelands management and enhancing grass production.

Our crew equally volunteers at the Mugie Triathlon for route opening and closing as a safety precaution to protect both the wildlife and the competitors. They ensure that there are no buffalo or elephants on the routes during the competition. This also helps raise money for a mobile community clinic serving the Western side of Laikipia.
