Discover Iceland with your own motorcycle! We pick up the motorcycles at home and transport them to Reykjavík. Experience majestic waterfalls, geothermal wonders, rugged fjords and the untamed beauty of Landmannalaugar.

Get ready for a journey that pushes the boundaries of the ordinary. Our motorcycle tour in Iceland is a ride into the wild, untouched heart of the land of fire and ice. Our 12-day adventure, with 10 thrilling days of riding, begins in Reykjavik, the vibrant Icelandic capital. Fly in and your trusty steed - your own motorcycle awaits you at your hotel, ready to conquer the diverse Icelandic terrain.

Get ready to traverse Iceland's majestic Ring Road, a path to the sublime. Experience the sheer grandeur of Þingvellir National Park, surrender to the mystical beauty of Seljalandsfoss and Skógafoss waterfalls, and feel the pulse of the earth beneath you in the geothermal wonderland of Landmannalaugar. Our tour takes you to the shimmering Jökulsárlón Glacier Lagoon, through the rugged landscape of Skaftafell, into the breathtaking remoteness of the Westfjords, and finally to the soothing geothermal waters of Blue Lagoon.

Iceland is not for the faint-hearted rider. With constantly changing weather conditions, including heavy rains and high winds, as well as occasional volcanic activity, the tour demands experience, endurance and, above all, the will to face the unpredictable. Temperatures can vary between 5 and 20 degrees and daily stages can be challenging. Riding on gravel roads will be essential, especially when exploring the surreal landscape of Landmannalaugar. But it is this challenge that adds to the magic and makes every mile conquered feel like a personal victory.

The group has between 6 and 12 participants, we always start at 10am in the morning and reach the hotel by 6pm at the latest. The daily riding time is usually between 5 and 6 hours and throughout the day we take many small and 3 larger breaks, for coffee, food or refueling. On each tour

there are very curvy and challenging routes that give you the opportunity to improve your riding skills without getting into stress. Because we pay attention when riding in the group very on safety distances and want that each participant has his riding fun and swings in the flow through the curve paradise.
