A stylish villa close to the sea and miles of curvy asphalt with a fabulous panorama awaits us, ready to be rocked.

When the season ends in the north, it's off to the sunny Algarve by bike.

This offer is only bookable between November 1 and March 31.

The villa is located in the beautiful southwest Algarve, in the nature reserve Costa Vicentina, centrally located between the three house beaches Arrifana, Monte Clerigo, and Amoreira.

The villa and the entire exterior have been extensively renovated!

The spacious property offers plenty of space and retreat and the idyllic ambiance invites you to relax. The highlight is the 60 sqm pool, with a maximum depth of 3 meters. The property offers various options for sitting, relaxing, dining, or sunbathing. In addition to the sun loungers at the pool area, there are more loungers on the large roof terrace. From there you can see the Monchique mountains on the horizon. In front of the house is a large wooden table, with room for eight people, also a comfortable hammock. This area is covered.

Restaurants are within walking distance and a cold beer is also available in the village.

The tours take place in the beautiful southwest Algarve in the Naturschutzgebiet Costa Vicentina. The tours lead along the fascinating Atlantic coast of Portugal. The detours to the reservoirs Odelucca and Baragem de Bravura are absolutely worth seeing. Afterward, the winding route leads over to Alentejo to Santa Klara Lake. Riding through the pleasant-smelling eucalyptus forests up to high up in the Monchique Mountains we reach Fojaden's highest

point, about 1000 meters above the Algarve. The breathtaking view over the entire Algarve to the Atlantic Ocean is unique...

After a coffee break, the KTMs are saddled again and it goes through the orange and lemon plantations, downhill towards Villa where we stop for a delicious Super Bock (beer) and review the tour altogether. After a very hard riding day we can then cool off in the pool once again...
