Join us for a classic motorcycle tour through the United States of America. Las Vegas, San Francisco, Los Angeles, Death Valley, Yosemite National Park, and the famous Highway 1 are the highlights here.

Experience the USA with one of our connoisseurs as a tour guide and on the most iconic motorcycle brand ever "Harley-Davidson®".

We have prepared a well-planned tour for you that includes a good mileage of motorcycle riding each day, but also includes some sightseeing on the side. The motorcycles for our guided tours come from reputable motorcycle rental companies. Thus, we have an excellent selection of as-new models ridden for just a few miles, all of which are well prepared for you. As a further advantage, the whole tour is accompanied by a van. Here, the necessary luggage is stored during the tour and, depending on space availability, the accompanying persons can also ride in the van - for you, this means pure motorcycling!

Tour schedule:

Day 01: Flight to Las Vegas

Flight with a renowned airline from your chosen departure point to Las Vegas (transfer possible). Upon arrival in Las Vegas, you will be transferred on your own by hotel shuttle to your well-located mid-range hotel. The rest of the evening is at your leisure. Overnight stay in Las Vegas.

Day 02 : Las Vegas

The morning is free for your own explorations of Las Vegas. Simply visit the numerous hotel attractions, go shopping or visit the observation deck of the 350-meter-high Stratosphere Tower to get an overview of the city. In the afternoon, you will be transferred to the rental station where you will meet your guide. After a short briefing, you will take over your bikes at our local Harley Davidson® rental partner. You will take the opportunity to ride a short loop to visit one of the largest Harley Davidson® dealers in

the USA, where you will, of course, have enough time to shop as well. After the tour briefing, you will have a joined dinner and get to know each other. Overnight stay in Las Vegas.

Day 03: Death Valley National Park, 480 - 540 km

Today you will ride to another highlight of your tour - the Death Valley. Where the name "Death Valley" comes from, you can imagine very well, after this stage of the day. Sand as far as the eye can see, no water and extreme temperatures are just a few examples. You will follow the valley, which is now in California again, and depending on the course of the tour and the opening of the passes in the Sierra Nevada Mountains*, you will reach your overnight accommodation in the Mammoth Lake or Ridgecrest area* in the early evening.

INFO: In case of extremely high temperatures we reserve the right to change the route along a side valley of Death Valley due to the requirements of the motorcycle rental companies.

*If we stay overnight in Ridgecrest, we will follow a southern route on the other day to get to Yosemite NP.

Day 04: Mono Lake - Yosemite National Park - Redwoods, 310 km

Early in the morning, you will start your motorcycle tour along the Sierra Nevada to visit Mono Lake with its tuff columns. Over the Tioga Pass (3031 m) you will reach the unique Yosemite National Park. This park is famous for its waterfalls and magnificent landscape. You will see various sights in the park and if you are interested you can take a 1-hour hike through the Mariposa Grove of Giant Sequoias. These are the unique American sequoia trees. Up to 27 men are needed to embrace the largest of them with their

arms and a motorcycle or car could easily pass through the holes punched in. Afterward, you will ride to your overnight destination near Yosemite NP.

*The southern route takes us along the Kern River Valley and through the southern mountain range via Fresno to the Yosemite National Park, which is on the program the next morning.

Day 05: Highway 49 - Knights Bridge - San Francisco, 340 km

Today you will ride along the famous Highway 49, which was already famous as a transport route during the gold rush of 1849. Over the winding roads and through the hilly landscapes, you will reach the Stanislaus River. You will follow this river for a while through the seemingly endless almond, pecan, and pistachio plantations. There, you will also have the opportunity to visit one of the few old covered wagon bridges that still exist in the USA. You will spend your lunch break in the original 50's Diner before you reach the impressive city of San Francisco on the Pacific coast in the afternoon. For the next two days, you will stay in San Francisco, near the Fisherman's Wharf. You can easily explore the Wharf on foot from your hotel this evening.

Day 06: San Francisco - Rest day

Today you have the whole day in San Francisco at your disposal. Why not start a tour with your guide, on foot and by cable car, which includes Union Square, Downtown, Chinatown, the Cable Car Museum, and Fisherman's Wharf. At noon, you have the possibility to take part in an optional boat trip across San Francisco Bay. This takes you past Alcatraz and under the Golden Gate Bridge. After lunch, you can take a bus tour in a double-decker to the Golden Gate Bridge and other highlights, such as Golden Gate Park and Alamo Square. Overnight stay in San Francisco.

TOUR TIP: Double Decker Bus Tour & Bay Cruise

Day 07: Highway 1 - Monterey - Big Sur - San Simeon, 365 km

You start in the morning with a last view of the Golden Gate Bridge to reach Monterey via Highway 1, Half Moon Bay, and other famous coastal towns. This is the actual beginning of your trip on the famous Highway 1, which is part of the Panamericana and also the longest road in the world, which leads from Alaska to Tierra del Fuego. Monterey is also famous for the Steinbeck book "The Road of the Oil Sardines". You will ride on Sunset Drive, which is a part of 17 Mile Drive, and you will pass by beautiful viewpoints. You will reach the small town of Carmel, where Clint Eastwood was once a Mayor. In the afternoon, stops like the Bixby Bridge, Big Sur, and Ragged Point are on the program. A visit to the elephant seal colony near Hearst Castle rounds out the day. You will spend the night in the San Simeon area.

Day 08: Highway 1 - Pismo Beach - Solvang - Santa Barbara - Malibu, 400 km

The first stop this morning is Pismo Beach with its long sandy beaches and pier, well known to surfers. The tour will now take you through the vast farmland of California. In the afternoon, you will return to the coast and stop at the cliffs above the famous seaside resort of Santa Barbara, before passing by Malibu Beach and heading towards Los Angeles. After arrival in the late afternoon, you will drop off your motorcycles at our local rental partner and the transfer to the hotel will take place. In the evening you can review the tour during the last dinner together. The overnight stay

will be in a hotel near the airport in Los Angeles.

Day 09: Los Angeles City Tour and flight home to Europe
In the morning you have the opportunity to join a guided city tour with a local guide (optional, advance booking required). You will be picked up from the hotel by van or bus and start your city tour to Venice Beach, Santa Monica, Beverly Hills, Downtown L.A., and Hollywood. Afterward, the hotel shuttle will take you to the Los Angeles airport and you will fly home with a renowned airline (transfer possible) back to the starting point of your trip.

TIP: City tour of Los Angeles

Entry requirements:

To enter the USA/Canada, German, Austrian and Swiss citizens need a valid machine-readable European passport. In addition, an electronic entry form ESTA must be filled out at least 72 hours before entering the USA. You can find the link here: <https://esta.cbp.dhs.gov/> - Visa Waiver Program. (As of January 2009 - subject to change). As a non-German citizen, you may need a visa for entry into the USA/Canada

-

A frank word between bikers:

We ride between 120 and 540 km per day, depending on the tour, in the charming and beautiful scenery. The approximate daily mileage can be found in the respective daily program. This means that on some days you may have to leave early and arrive late. Motorcycle riding in a unique landscape is absolutely in the foreground so a certain team spirit is the first priority and also a certain adaptation to the group is necessary. If you let yourself go for it, you will surely have the adventure of your life and have a lot of fun.

-

Travel conditions:

The general travel conditions apply. These will be handed over to you by your booking office. If you have not received them, please inform your booking office or the tour operator before booking. They will then be sent to you immediately

-

Distance: 1950 km

Minimum age: 18+

A note on entry (ESTA): The electronic ESTA entry procedure required for the USA has been subject to a fee since 08 September 2010. The fee for this is 21 US\$, payment is possible by credit card and Paypal. We recommend to do this here Official ESTA Application Website, U.S. Customs and Border Protection in German language, because there are many rip-off sites on the net. Please apply for this at least 3 - 4 months in advance, because in case of rejection, it takes some time to apply for a visa.

Road Side Towing Assistance (can be added, please request) included: (1) Emergency Road Side Assistance. E.g. out of gas? Forgot to turn off the ignition, battery dead? No problem, the delivery is free of charge, only the costs for the gasoline or the battery have to be paid. (2) Emergency Towing Service. The bike breaks down with a self-inflicted (not covered by warranty) mechanical problem, e.g. diesel tanked, tire punctured, or accident? The bike will be picked up free of charge by a towing service and taken to the nearest garage or rental station that can take care of the problem.
