

Nepal: Ride to Manang (M-ID: 4361)

<https://www.motourismo.com/en/listings/4361-nepal-ride-to-manang>

from €2,250.00

Dates and duration (days)

On request

8 days

12/05/2023 - 12/12/2023 8 days

We take you into the Manang region of Nepal. Once we leave the highway at Bandipur the roads are mostly gravel or dirt tracks. The excitement builds as we ride north and closer to the 8000m+ giants. This is one of our most appealing tours for those who enjoy riding on unpaved roads.

Amazing Manang, adventure begins here... We ride north and closer to the 8000m+ giants; including Mt. Manaslu, Annapurna and Annapurna III.

Itinerary:

Day 1 Kathmandu (1400m)

Once you arrive at Kathmandu Tribhuvan International Airport we will pick you up directly from the airport and transfer you to your hotel. Amidst all the chaos lies ancient stories of warriors, rivaling dynasties and great spiritual masters. This legendary capital city is home to an eclectic mix of people, shops, restaurants, temples, stupas, myths and legends! *Remember usually flights are overnight so you should allow an extra day for the journey to Kathmandu.

Day 2 Bandipur (1030m)

Familiarisation with the bikes and the Nepali riding style. We head out of Kathmandu's hustle and bustle and onto the Prithvi highway then up to the hilltop village of Bandipur where you can kick back and relax.

Day 3 Jagat (1320m)

We leave the highway and ride north into the beautiful Manang region of Nepal.

Day 4 Manang (3540m)

We continue to ride north for views of Mt. Annapurna II and III as well as Pisang Peak and Chulu East.

Day 5 Khangsar - Manang (3540m)

We take the day to explore the trails surrounding Manang, including a jeep track to the most remote village of Khangsar. Maximum altitude 4000m as we explore local

glaciers and ice-melt lakes.

Day 6 Kurintar (300m)

Today we retrace our route back to the Prithvi highway and stopover at Kurintar, a beautiful sub-tropical riverside town to a hotel with a pool.

Day 7 Kathmandu (1400m)

We retrace our route and ride back to Kathmandu along the main highway.

Day 8 Departure

Time to say farewell to Nepal. Your transfer back to the airport will be arranged for you in time for your onward flight.

Flights

Everything not specified under features

More details

Duration: 8 days

Total Distance: 616km

Minimum number of participants: 1

Max Group Size: 10

Average Riding Hours: 5 hours per day

Max Altitude: 4000m

Road conditions: Jeep Tracks/ Highways / Unpaved Roads

Time Frame: from October until April

Weather: Warm and sunny, with some chill factor on Days 4 & 5. Down jacket recommended for the evenings. Summer riding gear for daytime.

Riding experience: Please note that road conditions may vary due to frequent road works and potential damage from monsoon rains. This means that you need to concentrate on nepali roads more than what you may be used to from other tours. So it can be pretty tiring, even for the most experienced of riders.
