Enduro riding... but properly. And at your desired date.

For the experienced, seasoned road rider or touring enduro rider who wants to learn new off-road riding techniques and ride more safely and with less power when off-road - enduro riding, this is the right choice.

Often it is the small but subtle tips and tricks that make the difference between road and off-road. Also on this tour we try to ride off-road standing on the enduro. In addition, you will experience a breathtaking Fuerteventura off-road .

About 70% of the route is off-road.

The number of participants is limited to 2 riders.

Prices are staggered according to the number of participants.

Dates are flexible and possible all year round - just ask.
